## General Information

The district has established fiscal procedures that apply to all financial transactions regardless of the funding source.

**Procedures that relate directly and/or indirectly to federal and state grant compliance are indicated with a (+).** A separate section in this Manual will include specific procedures related to acquiring, expending, and managing grant funds.

In accordance with School Board Policy, BP Local, the Superintendent and administrative staff shall be responsible for developing and enforcing procedures for the operation of the District. These procedures shall constitute the administrative regulations of the District and shall consist of guidelines, handbooks, manuals, forms, and any other documents defining standard operating procedures. The Superintendent shall approve this State and Federal Grants Manual on an annual basis, or as appropriate, if federal, state or local changes in regulations or policy warrant immediate changes. **Administrative regulations [procedures] are subject to Board review but shall not be adopted by the Board.**

All **district forms/exhibits** are denoted with **blue highlighted text** and all written, detailed **procedures** are denoted with **green highlighted text**.

- **Superintendent**
- **Superintendent's Secretary**
- **Business Manager**
- **Human Resources/ Payroll**
- **Title Coordinator**

In some functions the following staff are involved:

## Organizational Chart –

The Business Manager, Human Resources/Payroll, and Superintendent's Secretary are exempt positions under the FLSA.

## General Ledger Maintenance (†)

General ledger entries shall be made on an on-going basis as needed. End-of-the-month and end-of-the-year entries shall be made on a timely basis. End-of-the-year entries shall be made prior to the audit field work by the district's external audit firm.

The Business Manager shall be responsible for monitoring the general ledger maintenance on a monthly basis as part of the monthly End-of-Month Process [\[Refer to End-of-Month Procedures\]](#). The

Superintendent shall have ultimate responsibility for the accuracy of the general ledger. The general ledger shall be reviewed for accuracy in areas such as, but not limited to the following:

- Cash and investment balances equal the respective bank or investment monthly statements
- Aged purchase orders, receivables and payables
- Verify that fund accounts are in balance
- Verify that bank account reconciling items are posted to the general ledger

### Journal Entries (†)

All general ledger entries shall be in balance (debits shall equal credits). A signed (with Superintendent Approval) Journal Voucher shall be used to document all entries. All journal entries shall be numbered for tracking purposes. A numbering system Ascender shall be utilized by the district. The Business Manager shall be authorized to create journal entries. The Superintendent shall be authorized to approve journal entries.

**Note:** As an internal control, the Business Manager shall not create journal entries unless approved by the Superintendent.

All payroll general journals shall be interfaced to the finance system by the payroll department. The payroll department shall verify that the pre-post payroll general journals and the finance payroll general journals are in balance and posted accurately to the general ledger. All payroll general journals must be posted to the finance general ledger no later than the actual paydate.

All changes to the general ledger should be posted within the same month as the changes occurred, if possible, or as soon as practicable. At times, prior to closing the month, additional reconciling journal entries may be posted in accordance with the creation and approval guidelines.

School Board Reports and a detailed Check Payments report for the previous month should be generated by the Business Manager forwarded to the Superintendent and Board for review. The financial reports and check payment list shall be approved by the School Board.

All reports should be filed for audit purposes including, but not limited to, the following:

### Data Entry and Validation (†)

All data entry shall be from the appropriate source document(s). All data entry shall be validated (verified) with the source documents. A system of checks and balance shall be in place to ensure that all postings to the general ledger result in the desired outcome. For example, a cash receipt journal shall be

validated to ensure that the total amount of the deposit matches the posted cash receipt journal. The posted cash receipt journal shall match the bank's validation of the deposit.

Ongoing, daily data entry validation greatly increases the accuracy of the fund accounting and facilitates reconciliation of the monthly bank statements with the general ledger.

### General Ledger Transaction (Minimum Data Required) – (†)

All general ledger financial transactions shall require the following minimum data:

- **Date of the general ledger transaction** – the date of the transaction should be within the posting month and within the posting fiscal year.
- **Account code(s)** – the proper account code shall be used for all transactions
- **Journal [transaction] number** – the number assigned should be manually or automatically assigned in a sequential order. A log of the journal numbers utilized each fiscal year should be available in a manual or automated form. Automated, system-generated general ledger entries shall be easily distinguished from manual general ledger entries.
- **The credit and debit amounts**– the total debits must match the total credits
- **Reason for the general ledger transaction** – the reason should explain the reason for the transaction such as cash receipt number, adjustment to budget/expense, etc.

- **Account code(s)** – the account codes charged for all payroll disbursements, including liability accounts, should exist in the general ledger prior to posting the system-generated journal entries. [Note: During the payroll posting process, the payroll department must verify that all payroll accounts exist on the general ledger. If accounts do not exist on the general ledger, the accounts should be verified for accuracy and if accurate, the list of account codes must be submitted to the Business Manager to ensure that the appropriate accounts are created in the finance system.

### End of Month Process

Within 20 days after the end of the month, all end-of-month reports should be printed and verified and the end-of-month process completed. There are four (4) steps in completing the End-of-Month process as listed below:

- Reconciliation of all bank accounts
- EOM Activities (Report Generation & Verification)

The **Finance EOM Checklist and Procedures** should be utilized to ensure that all critical steps are followed during the EOM Process.

## End of Fiscal Year Process

All end-of-fiscal year adjustments should be posted to the general ledger prior to closing out the fiscal year. Prior to the start of the audit field work, the following adjustments shall be posted to the general ledger:

For example, all state aid earned as of the most recent Summary of Finance report from TEA shall be posted to the appropriate state revenue accounts.
- **Reconcile all state and federal grant revenue and expenditures** – the revenue and expenditures in every grant program (state and federal) should equal. The excess revenue if any should be reclassified to a payable (218X) to the granting agency, unless the excess revenue is an advance payment (deferred revenue - 2310). If expenditures exceed revenue, the amount due from the granting agency should be posted to the revenue account and accounts receivable accounts (124X).
- **Reconcile the final amended budget** – verify that all budget amendments (at the functional level) have been posted to the general ledger. The sum of the original budget, plus all budget amendments during the fiscal year shall equal the final amended budget.
- **Reconcile and post all accounts receivables** – all funds due from other sources, as of August 31<sup>st</sup>, shall be posted to the general ledger. The other receivables (2190) shall be measurable and expected to be received within 60 days after the end of the fiscal year in accordance with the district's accounting standards.
- **Reconcile and post all accounts payables** – all payables due to others (such as vendors), as of August 31<sup>st</sup>, shall be posted to the general ledger. A prepaid expense is typically one that represents a disbursement of funds (payment) for goods or services that will be received or utilized in the next fiscal year. For example, a maintenance agreement that has a term of January 1<sup>st</sup> through December 31<sup>st</sup>, would have an expense for 6 months in the current fiscal and a prepaid expense of 6 months at the end of the fiscal year. [Note. The prepaid expenses should be cleared in the next fiscal year by posting the expense to the appropriate expense account code(s).
- **Reconcile the fixed assets ledger with all fixed asset additions, deletions, or changes** – All assets acquired during the fiscal year shall be added to the fixed asset ledger (database and/or Excel spreadsheet). Capital assets shall be recorded in object code 66XX. All assets disposed of (sold or lost) shall be removed from the fixed asset ledger.
- **Reconcile the fund balance as of August 31<sup>st</sup>** – All changes, reductions, additions, and/or designations [restricted, committed, assigned, etc.] of fund balance accounts shall be posted to the general ledger. All budgetary fund balance accounts (object code 3700) shall be posted to the appropriate fund balance account (typically object code 3600). [Note. Except for limited exceptions, staff will not be given unilateral access to all modules in the financial and payroll system. For example, a payroll staff member will not have access to the human resources system unless the access is limited in scope and "read-only". These restrictions to unilateral access are designed to prevent complete autonomy which could lead to fraud.

Each staff member shall be responsible for securing their assigned (selected) password. At no time shall passwords be shared with others or posted in visible locations within the staff member's work space. Violators of this restriction shall be subject to disciplinary action, including but not limited to employment termination.

Training opportunities for other certification or licensing programs, such as a CPA, shall be provided in a manner that seeks to meet the continuing education requirements for that specific certification or license.

Additional training requests should be submitted to the Superintendent. It is the employee's responsibility to request additional training that he/she feels will be beneficial in performing the assigned job tasks. At times, the immediate supervisor may also recommend or direct that a staff member attend specific training to improve their skills or comply with a Growth Plan.

## State and Federal Grant Management (†)

The Department of Contracts, Grants and Financial Administration (CGFA) at the Texas Education Agency is responsible for overseeing all phase of federal and state contracts and grants awarded to TEA grantees, including independent school districts, or LEAs. The department houses the following divisions:

- Grants Administration Division
  - Provides centralized administration of all formula and discretionary state-appropriated funds and federal grant funds awarded to TEA.
- Federal Fiscal Compliance and Reporting Division
  - Oversees activities of federal grant programs to determine whether organizations are in compliance with fiscal requirements to ensure that grant recipients spend funds in the manner specified by the grant program.
- Federal Fiscal Monitoring Division
  - Monitors the expenditures of federal grant recipients to ensure federal funds are used for authorized purposes in compliance with federal statutes, regulations, and terms and conditions of the federal awards.

Compliance with all federal and state grant requirements is essential to ensure that all granted funds remain with the district. Failure to comply with grant requirements may result in denial of reimbursement requests and/or requests from the granting agency to return a portion or in some cases all grant funds. The Texas Education agency acts as the pass-thru entity for many of the United States Department of Education (USDE) federal grants.

[TEA Grant Opportunities](#) are posted on the TEA webpage to provide administrative guidance, timelines, due dates, program-specific guidelines, use of funds, and many more resources.

### Federal Regulations for Federal Grant Awards

All federal grant funds are subject to the compliance with Administrative (EDGAR) and Programmatic (ESSA, IDEA, etc.) regulations for each federal grant award.

Title 34 of the Code of Federal Regulations (34 CFR), known as the [Education Department General Administrative Regulations \(EDGAR\)](#), pertains to TEA grants. For a complete description of the federal regulations that apply to federal education grant awards, visit [USDE's EDGAR website](#). Refer to the [EDGAR Materials and Resources](#) page of the TEA website for details on new federal regulations,

including their effective/applicability date, purpose, a list of the OMB circulars they replace, and links to related TEA grantee guidance.

For state-administered federal grants, TEA shall notify the district on the Notice of Grant Award (NOGA) of the applicable administrative regulations.

**When the district's local policies and/or procedures conflict with the federal regulations, the district shall comply with the more restrictive regulations in all aspects of federal and state grants management.**

Overview of the Education Department General Administrative Regulations (EDGAR). The EDGAR, as amended on December 26, 2014, includes six (6) subparts and multiple appendices under 2 CFR Part 200 of EDGAR as noted below:

- Subpart A – Acronyms and Definitions
- Subpart B – General Provisions
- Subpart C – Pre-award Requirements
- Subpart D – Post-award Requirements
- Subpart E – Cost Principles
- Subpart F – Audit Requirements
- Appendices – I through XI

Generally, 2 CFR Part 200 applies to all programs under the Every Student Succeeds Act (ESSA) and may apply to other US Department of Education grants. **NOTE. The Title VII (Impact Aid) Program is specifically excluded from 2 CFR Part 200. [Reference: 34 Part 299.2]**

The EDGAR in its entirety can be accessed at: [Education Department General Administrative Regulations \(EDGAR\) and Other Applicable Grant Regulations](#).

Technical assistance and interim guidance can be accessed at: [Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards | U.S. Department of Education](#). Interim guidance should be monitored to ensure that additional requirements or flexibilities issued via an OMB Memorandum, but not codified in the EDGAR are known and complied with.

## Part I - State Grants

### State Programs – Allotments

The Texas Education Agency's State Funding Division is responsible for administering the [Foundation School Program](#) (FSP) and wealth equalization provisions of the Texas Education Code. In addition to the FSP Basic Allotment, the district receives state program allotments to meet the needs of specific student populations. The special program allotments shall be used to **supplement** (beyond the basic program) the academic needs of students enrolled in a special program.

The FSP has two main components, **operations funding** and **facilities funding**. Each component is tied to the tax efforts of school districts. These components provide funding for school district operations and school facilities. This overview briefly describes the main components of the FSP.

**1. The operations funding component of the FSP assists school districts in financing their maintenance and operations (M&O) through the following two formulas:**

- o Tier One of the FSP provides school districts (and open-enrollment charter schools) with a basic level of funding through several allotments, including those for regular basic education, special education (SPED), dyslexia, compensatory education, bilingual education (including dual language programs), career and technology education (CTE), public education grants, early education, college, career, or military readiness, fast growth, small and mid-sized districts, teacher incentives, transportation, and new instructional facilities.

- o Tier Two of the FSP is intended to supplement the basic funding provided by Tier One. Tier Two guarantees a specific level of funding per student in weighted average daily attendance, or WADA, (to be discussed later) for each penny of tax effort above a school district's maximum Tier One tax rate (also referred to as the state maximum compressed tax rate, or MCR). The funding provided by this additional tax effort is also referred to as enrichment.

**2. The facilities funding component of the FSP provides school districts (excluding open-enrollment charter schools) with assistance for debt service related to funding school facilities through the following two programs:**

- o The Instructional Facilities Allotment (IFA) program provides funding to school districts for debt service payments on debt associated with the purchase, construction, renovation, and expansion of instructional facilities. Districts use this funding to make annual debt service payments on qualifying bonds and lease-purchase agreements.

- o The Existing Debt Allotment (EDA) program provides funding to school districts for debt service payments on eligible bonded debt.

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year – funds owed

to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

A percentage of each state allotment must be spent on “direct” expenditures for the given special program. The current (after HB 3) percentages and program intent code (PIC) are noted below by program:

▪ Gifted and Talented Education	100%	PIC 21*
▪ Special Education	55%	PIC 23, 33 PK, 43 Dyslexia
▪ Career & Technical Education	55%	PIC 22
▪ State Compensatory Education (SCE)	55%	PIC 24-30 (except 25 & 27), 34 PK
▪ Bilingual/ESL Education	55%	PIC 25
▪ Dyslexia	100%	PIC 37
▪ Early Education Allotment	100%	PIC 36
▪ CCMR Outcomes Bonus	55%	PIC 38

\*PIC 21 was not a state-funded separate allotment as of HB 3 (2019) but was reinstated in FY 2021-2022 (HB 1525). A TAA issued on 8/26/2021 confirmed that the GT Allotment spend percentage requirement will be at 100%. We should continue to classify GT-related expenses in PIC 21.

\*\*PIC 31 was discontinued with HB 3 (2019), but residual funds (if any) should continue to be coded to PIC 31 until 100% of the High School Allotment has been expensed.

**Note. The district shall use PIC 30 – neither of the campuses operate a Title I Schoolwide Program.**

### Budgeting Special Program Allotments

The per-pupil expenditures of federal, state and local funds, including actual personal expenditures and actual non-personnel expenditures must be in compliance with federal regulations [ESSA and 34 CFR]. As a best practice, the district shall ensure that the appropriate program intent code (PIC) and campus/department organization codes are used during the budget and expenditure processes. Expenditures coded to PIC 99 (undistributed) and Organization Code 999 will be distributed by TEA using a methodology that may include: student enrollment by campus, staff FTEs, square footage of buildings (for functions such as 34, 35, 51, etc.), or other methodology as may be determined by TEA.

During the budget process, the estimated state allotment shall be calculated by the Superintendent based on prior year special program enrollment, average daily attendance (ADA), and projected revenue based on the most current Summary of Finance template. The Superintendent has global oversight of all state special programs. The Special Program Coordinators, as noted below, shall be directly responsible for their respective program(s). These special program administrators shall be responsible for the programmatic compliance in their respective program(s). Programmatic compliance shall include, but

not limited to : identification of student eligible for a special program; program design; instructional delivery; entry/exit procedures; professional development; certification; and program evaluation.

▪ Special Education	Special Education Director
▪ Career & Technical Education	Campus Counselors
▪ Gifted & Talented Education	Campus Counselors
▪ State Compensatory Education (SCE)	Campus Administrators
▪ Bilingual/ESL Education	Campus Administrators
▪ Dyslexia	Campus Administrators
▪ Early Education	Elementary Administrator
▪ CCMR Outcomes Bonus	High School Administrator

The finance department, specifically the, Superintendent shall be responsible for the financial compliance in each of these special programs. The Business Manager shall aide the Superintendent with these functions. Financial compliance shall include, but not limited to: budget development & monitoring; approval of expenditure; financial reporting to TEA; financial audit; calculating per-pupil expenditures by program; budget allocations for compensatory, intensive, and accelerated instruction; student-teacher ratios; and purchasing with state allotment funds.

As part of the budget adoption process, the Business Manager and Superintendent shall verify that the proposed budget includes appropriations in each of the special programs of no less than the percentages stated above as required direct expenditures for each special program. [Note. If the District does not budget to compliance, it may not spend to compliance.]

Throughout the fiscal year and at the end of the fiscal year, the Business Manager, shall calculate the periodic and final spend percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event that direct expenditures fall below the mandated percentages, the Business Manager shall ensure that the deficit amount is budgeted in the following fiscal year.

### **Program Intent Codes (PICs) – FASRG**

The mandated program intent codes (as defined in the FASRG or recently by TEA) are classified as Basic or Enhanced. The PICs in these classifications for regular and special program allotments are noted below:

#### **Basic Services – PIC 1X**

- PIC 11 Basic Educational Services

#### **Enhanced Services – PIC 2X – 3X**

- PIC 21 Gifted & Talented
- PIC 22 Career & Technical Education
- PIC 23 Special Education\*

- PIC 24 Accelerated Education (State Compensatory Education)\*\*
- PIC 25 Bilingual and ESL Education\*\*\*
- PIC 28 Disciplinary Alternative Education Program – Basic\*\*
- PIC 30 Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)\*\*
- PIC 36 Early Education Allotment (New in 2019-2020) PK-3<sup>rd</sup> Grade
- PIC 37 Dyslexia (New in 2019-2020)
- PIC 38 College, Career and Military Readiness (CCMR) – (New in 2019-2020)
- PIC 43 Dyslexia, Special Education (New in 2020-2021)\*

\*PIC codes used in Special Education mandated spending requirement

\*\*PIC codes used in State Compensatory Education mandated spending requirement

\*\*\*PIC codes used in Bilingual/ESL mandated spending requirement

If the “intent” of a particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student(s) benefits from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

### Student Special Program Enrollment Reporting (PEIMS)

The special program enrollment shall be reported to TEA through the PEIMS data submissions. Campus principals shall be responsible for developing procedures to identify the entry and exit of students into the state mandated special programs. The procedures shall comply with the Texas Education Code, Chapter 29 for each respective special program. The entry and withdrawal of students in special programs shall be in accordance with the district’s **Attendance Accounting Procedures Handbook**, TEA’s *Student Attendance Accounting Handbook (SAAH)* and the *Texas Student Data Standards (TSDS)*.

Upon enrollment and throughout the school year, the Student Information System (Ascender) shall be used to record student enrollment in each special program. The student enrollment record shall include the entry and exit date(s) for all special programs that generate state funding.

The **PEIMS Annual Timelines** shall be used to ensure that prior to the submission of the fall, summer and Extended Year PEIMS Student Data that all students are properly coded in their respective special programs. The PEIMS Coordinator shall print and distribute to campus principals the appropriate TSDS reports prior to all PEIMS Submissions to ensure that the student special program enrollment is accurate and reasonable compared to the historical data. The reports listed on the table below include some, but not all, of the reports that each principal shall review and sign-off on before the submission of PEIMS data to TEA.

### Staff Full-time Equivalents (FTEs) and Payroll Account Coding

At the beginning of each school year, the salaries of all staff should be determined based on their position and assignment. Specifically, we need to know the following:

- What the employee will do? Determines the function code
- What is the FLSA status of employee? Determines the object code [Exempt staff – 6119 and Non-exempt staff – 6129]
- Where the employee will work? Determines the organization code (may be split)
- Who will benefit? Determines the population served or PIC (may be split)

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a part-time or full-time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special program may be charged to the special program PIC.

**Best Practice to ensure accuracy of Staff FTEs by special program:**

By **September 15th**, each school year, the Campus Principals shall share with the Business office and the Human Resources/Payroll Department the Master Schedule. **[Sample FTE Report in the Exhibit Section]** The Business office and Human Resources shall ensure PICs accurately reflect the position and the assignment(s) based off of the master schedule. For example, a teacher that teaches 4 special education classes and 4 career and technical education courses, should have .5 FTEs in PIC 23 (Special Education) and .5 FTEs in PIC 22 (Career Technology). [Note. The master schedule shall reflect the teaching assignment for all teachers and every course section shall reflect the “intent”, or population served code. The population served codes (**PEIMS Population Served Code Table 030 in Exhibit Section**) and program intent codes are correlated below:

- Population Served Code 04      PIC 21      Gifted & Talented
- Population Served Code 05      PIC 22      Career & Technical Education

▪ Population Served Code 06	PIC 23	Special Education
▪ Population Served Code 03	PIC 24	Accelerated Education (State Compensatory Education)
▪ Population Served Code 02	PIC 25	Bilingual Education
▪ Population Served Code 07	PIC 25	ESL Education
▪ Population Served Code 03	PIC 26	Non-Disciplinary Alternative Education Program
▪ Population Served Code 03	PIC 28	Disciplinary Alternative Education Program – Basic
▪ Population Served Code 03	PIC 30	Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)
• Population Served Code 06	PIC 33	PK Special Education
• Population Served Code 03	PIC 34	PK Compensatory Education
• Population Served Code 02	PIC 35	PK Bilingual Education
• Population Served Code 06	PIC 43	Dyslexia, Special Education

All staff assigned to support all students, not specifically served in a special program, shall be coded as basic population served (01) and the basic program intent code (11).

Special Program Administrators shall also check the PIC codes for the non-campus staff shall reflect what they do, where they are assigned to work, and the special program(s) that they support.

PICs shall be checked no later than the deadline of September 15<sup>th</sup> at the beginning of each fiscal year. Human Resources/Payroll shall verify the Staff FTEs and ensure that funds are budgeted in the appropriate payroll account codes. Budget changes and/or amendments, if any, shall be prepared by the Business Manager and preapproved by the Superintendent. [Note. The minimum spend percentages shall be verified again to ensure that the budgeted amount by PIC still meets or exceeds the minimum spend percentage by special program.]

Campus Principals and Special Program Administrators shall be responsible to ensure that any changes to staff assignments are submitted to Human Resources/Payroll and Business Manager within five (5) days of the assignment change. The prior process of verifying the FTEs/account codes, approval of the FTE report, and submission of the reports to the payroll department shall occur upon the receipt of assignment changes.

The staff FTEs by special program shall be reported to TEA through the PEIMS data submissions. Campus principals shall be responsible for developing procedures to ensure that all staff, especially instructional staff, has the correct populated served code in the campus master schedule. The procedures shall comply with the district's **Attendance Accounting Procedures Handbook**, TEA's *Student Attendance Accounting Handbook (SAAH)* and the *Texas Student Data Standards (TSDS)*.

The Student Information System (Ascender) shall be used to create the district/campus master schedule, instructor records, and course/section records. Specifically, every course record shall reflect the correct Service ID (as noted on TEDS Code Table C022 Service-ID); and, every section course record shall reflect the correct Population Served Code (as noted on TEDS Code Table C030 Population-Served-Code).

The **PEIMS Annual Timelines** shall be used to ensure that prior to the submission of the Fall and Summer PEIMS Staff Data that all staff are properly coded in their respective special programs. The campus principals shall review the appropriate TSDS reports prior to all PEIMS Submissions to ensure that the staff data by special program enrollment is accurate and reasonable compared to the historical data. The reports listed on the table below include some, but not all, of the reports that each principal shall review and sign-off on before the submission of PEIMS data to TEA.

Submission	Report #	Report Name

	PDM1-110-005	Student and Staff Counts by Service ID
	PDM1-110-006	Staff FTE by ROLE ID
	PDM1-110-007	Payroll Information by Program Intent Code 21 thru 43
	PDM1-111-001	Individual Staff Profiles (PIC Code and Pop Served should match)

### State Allotment Program Expenditures Compliance

Throughout the fiscal year and at the end of the fiscal year, the Business Manager shall calculate the periodic and final spend percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event that direct expenditures fall below the mandated percentages, the Business manager shall ensure that the deficit amount is budgeted in the following fiscal year. The deficit amounts, if any, shall be provided by the Business Manager to the Special Program Administrators and Campus Administrators no later than October 1st for planning and budgeting purposes. The Special Program Administrators shall submit the proposed budget to the Business Manager no later than November 1st of the following fiscal year.

The TEA Special Allotments Monitoring Program (SAMP) methodology and expenditure rate calculation worksheet shall be used by the finance department, specifically the Business Manager and Superintendent to ensure compliance with required spend percentages. The SAMP shall include the supplemental state allotment programs: 1.) Special Education, 2.) Compensatory Education, 3.) Bilingual Education, 4.) Career and Technology Education, 5) Dyslexia, 6) Early Education, and 7) CCMR. The Gifted and Talented expenditures (PIC 21) will also be monitored by the TEA.

Upon receipt of a TEA Preliminary SAMP report, the Superintendent shall review the report and submit any additional information to TEA within 10 days of the report. If the results of a TEA Special Allotments Monitoring Program report indicate that the district did not over a period of three (3) fiscal years, utilize the state allotment program funds in accordance with TEC, TAC or TEA guidelines, the Superintendent shall develop a Corrective Action Plan. If the Corrective Action Plan indicates that the district must return state allotment program funds to TEA, the funds shall be submitted to TEA within the allotted time period. If the Corrective Action Plan indicates that the district shall correct operational procedures related to the budgeting and expensing of state allotment program funds, the Superintendent shall draft and implement the operational procedures.

## State Allotment Program Legal Requirements (TEC excerpts)

State laws, specifically Chapter 29 and Chapter 48 include requirements related to program eligibility and allowable funds. Excerpts from each state allotment program fund requirements are noted in the following sections.

Beginning with fiscal year-end (FYE) 2021, LEA auditors are strongly encouraged to answer the new set of compliance questions that are aligned with the requirements to the Texas Education Code, §48.104, Compensatory Education Allotment, and §48.105, Bilingual Education Allotment, as amended by House Bill 3 of the 86th Texas Legislature, 2019. The compliance questions can be found in the Financial Accountability System Resource Guide, Module 4: Auditing, section 4.6.5 Compliance with Laws and Regulations. Starting in FYE 2022, both the new J-4 schedule and the compliance questions will be required. They will be used to determine if the program funds were not used in compliance with the statutes. This determination may involve the LEA's average use of funds for the three preceding school years. Schedule J-4 contains two sections of four questions.

The questions are related to Compensatory Education Program and Bilingual Education Program expenditures.

Data Codes	Section A: Compensatory Education Programs	Column 1 Responses
AP1	Did your LEA expend any state compensatory education program state allotment funds during the district's fiscal year?	Yes / No
AP2	Does the LEA have written policies and procedures for its state compensatory education program?	Yes / No
AP3	List the total state allotment funds received for state compensatory education programs during the district's fiscal year.	\$_____
AP4	List the actual direct program expenditures for state compensatory education programs during the LEA's fiscal year. (PICs 24, 26, 28, 29, 30, 34)	\$_____
Data Codes	Section B: Bilingual Education Programs	Column 1 Responses
AP5	Did your LEA expend any bilingual education program state allotment funds during the LEA's fiscal year?	Yes / No
AP6	Does the LEA have written policies and procedures for its bilingual education program?	Yes / No
AP7	List the total state allotment funds received for bilingual education programs during the LEA's fiscal year.	\$_____
AP8	List the actual direct program expenditures for bilingual education programs during the LEA's fiscal year. (PICs 25, 35)	\$_____

## Gifted and Talented

The Gifted and Talented program must adhere to state law, Texas Education Code (TEC) 29.121. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, program services, and use of funds.

TEC Sec. 29.121 defines a "gifted and talented student" as a child or youth who performs at or shows the potential for performing at a remarkably high level of accomplishment when compared to others of the same age, experience, or environment and who:

- (1) exhibits high performance capability in an intellectual, creative, or artistic area;
- (2) possesses an unusual capacity for leadership; or
- (3) excels in a specific academic field.

Using criteria established in TAC 89.1-89.5, the school district shall identify and serve gifted and talented students in the district or through a shared services arrangement (SSA). In accordance with **School Board Policy EHBB Legal and Local**, the district has established the following process to identify and serve gifted and talented students.

### Screening:

- Data collected through both objective and subjective assessments shall be measured against the criteria approved by the Board to determine individual eligibility for the program. Assessment tools may include, but are not limited to, the following: achievement tests, intelligence tests, creativity tests, behavioral checklists completed by teachers and parents, student/parent conferences, and available student work products.

### Assessment:

- Data collected through both objective and subjective assessments shall be measured against the criteria approved by the Board to determine individual eligibility for the program. Assessment tools may include, but are not limited to, the following: achievement tests, intelligence tests, creativity tests, behavioral checklists completed by teachers and parents, student/parent conferences, and available student work products.

### Final selection and Notification:

- The selection committee shall consist of at least three local district educators with GT training.
- A selection committee shall evaluate each referred student according to the established criteria and shall identify those students for whom placement in the gifted and talented program is the most appropriate educational setting. The committee shall be composed of at least three professional educators who have received training in the nature and needs of gifted students, as required by law.

#### Learning Opportunities/Program Services:

- The District's gifted and talented program shall address effective use of funds for programs and services consistent with the standards in the state plan for gifted and talented students.

#### Program changes such as furloughs, reassessment, exiting students from GT, transfer students and appeals of district decisions:

- The District may place on a furlough any student who is unable to maintain satisfactory performance or whose educational needs are not being met within the structure of the gifted and talented program. A furlough may be initiated by the District, the parent, or the student. In accordance with the Board-approved program, a furlough shall be granted for specified reasons and for a specified period of time. At the end of a furlough, the student may reenter the gifted and talented program, be placed on another furlough, or be exited from the program.

#### Program Evaluation:

- The District shall annually evaluate the effectiveness of the District's gifted and talented program, and the results of the evaluation shall be used to modify and update the District and campus improvement plans. The District shall include parents in the evaluation process and shall share the information with Board members, administrators, teachers, counselors, students in the gifted and talented program, and the community.

Specifically, each school district shall identify students eligible for the GT program and serve the students in an appropriate manner. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

Note. The GT allotment was funded as part of the 87<sup>th</sup> Legislature at a weight of .07 and limited to 5% of ADA. Districts should continue to report expenditures to the GT PIC code (21) through PEIMS reporting.

Each school district must annually certify to the commissioner that the district has established a program for gifted and talented students as required by Chapter 29 and that the program is consistent with the state plan developed under Section 29.123. Failure to comply with this requirement may result in the commissioner reducing the district's total state funding in accordance with TEC 29.124.

The Campus Administrator with oversight responsibility to certify the Gifted & Talented special program data prior to submission to TEA shall be as noted on the [Annual List of Program Coordinators \(Exhibit Section\)](#).

### Career and Technical Education (CTE)

The Career and Technical Education program must adhere to state law, Texas Education Code (TEC) 29.181 and TEC 48.106. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 48 addresses the funding weight(s) and allowable costs.

The district is eligible to receive weighted\* funding for eligible full-time equivalent (FTE) students in approved Career and Technology Education (CTE) programs.

For each full-time equivalent student in average daily attendance in an approved career and technology education program in grades 7 through 12:

- (1) 1.1 for a full-time equivalent student in career and technology education courses not in an approved program of study;
- (2) 1.28 for a full-time equivalent student in levels one and two career and technology education courses in an approved program of study, as identified by the agency; and
- (3) 1.47 for a full-time equivalent student in levels three and four career and technology education courses in an approved program of study, as identified by the agency.

The CTE allotment applies to students in grades 7-12 who take an approved career and technical education (CTE) course designated with an "H" in the CTE course column of the Texas Education Data Standards, Section 4, Service-ID (CO22) code table.

The Superintendent and/or Business Manager shall utilize the [TEA Estimating a District's FSP CTE Allotment](#), the [CTE Courses for Academic Credit](#), and the [CTE Advanced Course List](#) to estimate the CTE Allotment as part of the annual budget development process.

Specifically, each school district shall identify students eligible for the CTE program and serve the students in an appropriate manner to obtain state funds. The Master Schedule shall serve as the official document to support that each student was enrolled in a CTE course. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Campus Counselors and Campus Administrators with oversight responsibility to certify the CTE special program data prior to submission to TEA shall be as noted on the [Annual List of Program Coordinators \(Exhibit Section\)](#).

### Special Education

The Special Education program must adhere to state law, Texas Education Code (TEC) 29.003 and TEC 48.102. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 48 addresses the funding weight(s) and allowable costs.

Per TEC 48.102, for each student in average daily attendance in a special education program under Subchapter A, Chapter 29, in a mainstream instructional arrangement, the district is entitled to an annual allotment equal to the basic allotment, or, if applicable, the sum of the basic allotment and the allotment under Section 48.101 to which the district is entitled, multiplied by 1.15. For each full-time

equivalent student in average daily attendance in a special education program under Subchapter A, Chapter 29, in an instructional arrangement other than a mainstream instructional arrangement, the district is entitled to an annual allotment equal to the basic allotment, or, if applicable, the sum of the basic allotment and the allotment under Section 48.101 to which the district is entitled, multiplied by a weight determined according to instructional arrangement as follows:

- Homebound 5.0

Additional weights for students served in residential treatment facilities, extended year program, and students with dyslexia or a related disorder are addressed in TEC 49.102.

The district is required under IDEA B regulations (34 CFR 300.201 and 301.149) to develop and implement policies, procedures and practices related to the provision of special education services to eligible students. The district's written policies and procedures are hyperlinked below:

- **Special Education Policies (list policies and add hyperlinks)**
- **Special Education Program Procedures and Practices (add hyperlinks to procedures and practices)**

Specifically, each school district shall identify students eligible for the Special Education program and serve the students in an appropriate manner to obtain state funds. The student's Individualized Education Plan (IEP) shall serve as the official document to support that each student is eligible for special education, the type of instructional arrangement, and the number of contact hours to be served in a special education setting. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Education Director with oversight responsibility to certify the Special Education program data prior to submission to TEA shall be as noted on the [Annual List of Program Coordinators \(Exhibit Section\]](#).

### **Compensatory Education (SCE)**

The Compensatory Education program must adhere to state law, Texas Education Code (TEC) 29.081 and TEC 48.104. Chapter 29 addresses the programmatic guidelines related to eligibility, "at risk"

identification, and program services. Chapter 48 addresses the funding formula and allowable costs. The SCE program is funded based on fall PEIMS snapshot count of enrolled students who are reported as economically disadvantaged and the census-based weight associated each identified student's home address. The weights assigned to the five tiers of the index established under Subsection (c) are, from least to most severe economic disadvantage, 0.225, 0.2375, 0.25, 0.2625, and 0.275. If insufficient data is available for any school year to evaluate the level of economic disadvantage in a census block group, a school district is entitled to an annual allotment equal to the basic allotment multiplied by 0.225 for each student who is educationally disadvantaged and resides in that census block group.

The campus Counselor and/or Administrator shall be responsible for ensuring that all students are identified and reported in their census block group. The census block data shall be submitted with the TSDS/PEIMS Data.

The district shall use the CTE allotment for *supplemental* programs and services as authorized in TEC 48.104 such as:

- funding supplemental programs and services designed to eliminate any disparity in performance on assessment instruments administered under Subchapter B, Chapter 39, or disparity in the rates of high school completion between:
  - students who are educationally disadvantaged and students who are not educationally disadvantaged; and
  - students at risk of dropping out of school, as defined by Section 29.081, and all other students; or
- (2) support a program eligible under Title I of the Elementary and Secondary Education Act of 1965
- Student that does not have a disability and resides in a residential facility
- Student who is in a remedial and support program because the student is pregnant

All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The campus administrator (Principal) and the Child Nutrition Administrator shall be responsible for the collection, maintenance and verification of student home address and free/reduced lunch eligibility respectively.

In addition, the Components of the SCE Planning cycle should be documented by the SCE Coordinator. The components should include:

1. Identification of the students based on statutes, rules, and other reliable data sources
2. Comprehensive assessment of each student's needs so that the appropriate compensatory, intensive, and or accelerated instruction services, and or dropout prevention services are provided
3. Design appropriate SCE services for students that enable them to be performing at grade level at the conclusion of the next regular school year and provide services to prevent at-risk students from dropping out of school

4. Adoption of a budget to support SCE programs

5. Delivery of services to students

6. Evaluation and documenting (Assessing) the effectiveness of accelerated instruction programs and any disparity in performance on assessment instruments administered under TEC, Chapter 39, Subchapter B, or the disparity of high school completion between students at-risk of dropping out of school and all other students in the school district.

7. Holding a public hearing to discuss the results of the SCE program evaluation 8. Improve program based upon evaluation results and stakeholder input

### **Identification of Students**

The Campus Principals (or designees) shall use the student performance data from state assessments to design and implement appropriate compensatory, intensive or accelerated instructional services for students that enable them to perform at grade level at the conclusion of the next regular school term.

In addition, secondary Campus Principals (or designees) shall provide accelerated instruction to a student enrolled in the district who has taken an end-of-course assessment and has not performed satisfactorily on the assessment instrument or who is at risk of dropping out of school. The campus shall offer before the next scheduled administration of the assessment instrument, without cost to the student, accelerated instruction to each student in any subject in which the student failed to perform satisfactorily on an end-of-course assessment instrument required for graduation. The Chief Financial Officer shall budget separately for costs related to the end-of-course accelerated instruction.

Specifically, each school district shall identify students eligible for the Compensatory Education program and serve the students in an appropriate manner to obtain state funds. There are fourteen (14) at risk indicators in state law. Districts may also use compensatory education funds to support students who are identified as economically disadvantaged, even if they are not identified as at risk. The Campus Administrator, or designee, at each campus shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

### **At-Risk Criteria – State Law (TEC 29.081)**

▪ **List generated from (Enter data systems such as: Eduphoria or ODS)**

The campus Counselor and/or Administrator shall be responsible for identifying students that meet one or more of the at-risk indicators listed above. The student's at-risk status shall be indicated on the Student Information System (such as ASCENDER). ### Local At-Risk Criteria – School Board Approved

The district may use SCE funding to serve students who are identified as at risk using local eligibility criteria. The district's School Board **has** adopted local eligibility criteria for at-risk. The criteria includes:

- Students at all grade levels who have been identified as being at risk of dropping out of school, who are not performing at grade level, or who did not perform satisfactorily on a state-mandated assessment, shall be provided accelerated and/or compensatory educational services based on needs assessment.

The Campus Principal shall ensure that students identified with local eligibility criteria are documented in the Student Information System and shall calculate the percentage of students meeting local criteria to ensure that the state maximum of 10% is not exceeded at any point of the school year.

### Student Entry and Exit into SCE Program

The effective date and reason for student entry and exit into the SCE Program shall be documented by the Campus Principal (or designee). All changes in student eligibility to be served in the SCE Program shall be entered in the Student Information System.

The entry procedures shall include:

- Early identification of students who are at-risk or potentially at-risk is critical in designing programs for implementing strategies to increase the academic achievement and reduce the dropout rate of students meeting the eligibility requirements. Campus principals are responsible for ensuring that PEIMS data is updated and entered appropriately into Ascender. Using at-risk indicators as a guide, campuses will determine which students are at-risk as prescribed in Texas Education Code 29.081.

The exit procedures shall include:

- All decisions for exiting a student from at-risk eligibility is based upon data review. Students who have been retained remain at risk of dropping out of school for the remainder of his or her public education.

### **District & Campus Improvement Plans**

The SCE program compliance is unlike the other special programs in that it requires specific procedures and documentation as outlined in the Financial Accounting System Resource Guide (FASRG) Module 6. **The District Improvement Plan (DIP) and Campus Improvement Plans (CIP) are the primary source of documentation for the expenditure of SCE funds.** The DIP and CIPs shall include the SCE goals, strategies, activities and resources (Staff FTEs and budgeted funds).

All school districts and open-enrollment charter schools, whose SCE allotment is **\$750,000** or more for the previous fiscal year, are required to submit district and campus improvement plans (DIP and CIPs) and an annual local SCE program evaluation to the TEA to evaluate SCE program compliance. For LEAs whose SCE allotment is less than **\$750,000**, the TEA will request selected plans as needed to determine program compliance.

The district **is not required** to submit the DIP and CIPs in accordance with the [TEA's Electronic Submission guidelines](#). [Optional: Even though the district is not required to submit the DIP and CIPs, the district has elected to submit them on an annual basis.] The District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through the TEAL system on an annual basis within 150 days after the last day permissible to send data for the PEIMS data FINAL Midyear resubmission 2 (typically late July). The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the [FASRG, Module 6.2.3 Electronic Report Submission Requirements](#). The District's preparation and submission dates shall be as noted below to ensure compliance with this critical requirement.

- Campus Principals shall submit their CIPs to the Superintendent **by October 1<sup>st</sup> for review.**
- Campus Principals shall include the SCE goals, strategies, activities and resources (Staff FTEs and budgeted funds) in their Campus Improvement Plan (CIP).
- Campus Principals shall submit their final, approved CIPs to the School Board for approval **by June 15<sup>th</sup>.**
- Superintendent or designee shall submit the DIP to the School Board **by June 15<sup>th</sup>.**
- The Business Manager shall submit the DIP and CIPs through TEAL within the 150-day deadline, **or July 1<sup>st</sup>**, whichever is earlier.

### **SCE Program Services**

Consistent with the Goals and Strategies identified in the DIP and CIPs, the Campus Principal shall ensure that each eligible student receives services based on their needs. The Campus Principal shall encourage parental participation in the planning of educational services for their child and shall be informed on available services such as extended year program, tutoring and/or summer school. The SCE program services shall also be in accordance with School Board Policy EHBC Legal and Local.

## **SCE Program Evaluation**

The district is required to annually evaluate and document the effectiveness of their designated SCE program in:

1. reducing any disparity in the performance on assessment instruments administered under TEC, Chapter 39, Subchapter B;
2. reducing any disparity in the rates of high school completion between students at risk of dropping out of school and all other district students;
3. reducing any disparity in the rates of high school completion between educationally disadvantaged students and all other district students; and
4. annually hold a public hearing to discuss the results of the LEAs evaluation of the accelerated instruction programs and services; and

## **Supplement and Supplant Compliance**

Financial guidelines related to supplement, not supplant, targeted-assistance versus school-wide campus expenditures, staffing formulas, job descriptions, time and effort, student case counts, local identification criteria and allowable costs are described in Module 6 State Compensatory Education shall be used to determine the district's compliance with supplement and supplant provisions.

The Superintendent, with the help of the Business Manager, shall calculate the cost of the regular education program in relation to budget allocations for compensatory, intensive and/or accelerated instruction and student:teacher ratios at least two times per fiscal year (recommended at budget preparation/adoption and end-of-fiscal year). The documentation of the calculation shall be maintained for audit purposes.

**Note. All SCE Expenditures must be documented and supported in accordance with the FASRG, Module 6.**

## **Bilingual and ESL**

The Bilingual and ESL program must adhere to state law, Texas Education Code (TEC) 29.053 and TEC 48.105. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 48 addresses the funding weight(s) and allowable costs.

The Bilingual Education Allotment Weights are illustrated below:

<b>Bilingual Education Allotment Weights</b> <i>Identified English learners whose parents have denied program services do not generate any funding</i>	
<b>0.1</b>	<b>English Learners</b> in average daily attendance in a standard or alternative bilingual education or an ESL program.
<b>0.15</b>	<b>English Learners</b> in average daily attendance in a dual language immersion one-way or two-way program model.
<b>0.05</b>	<b>English proficient and Reclassified English Learners</b> in average daily attendance in a dual language immersion two-way program model.

Specifically, each school district shall identify students eligible for the Bilingual or ESL program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The district offers a Bilingual or English as a Second Language (ESL) program. The Campus Principals shall be responsible for the Bilingual/ESL Program compliance monitoring in the following areas:

#### **Establishment of LPAC Committee**

- Bilingual – standard or alternative education
- ESL – standard or alternative education
- Dual Language immersion one-way or two-way program

### Program Entry

The entry procedures shall include:

If a home language survey indicates a student speaks a language other than English at home, the LPAC committee determines the language in which the student possesses primary proficiency based on a language proficiency test in accordance with 19 Administrative Code 89.1226. Upon determination of primary language proficiency, the LPAC committee notifies the parent(s) in writing of the student's language proficiency and placement/entry in a bilingual education or ESL program and obtains required signatures from parents. (Board Policy EHBE Legal)

The Business Manager shall ensure that the appropriate program intent codes (PIC) are used to record Bilingual/ESL Program expenditures. The PIC 25 Costs are noted below:

### New Allotments created by HB 3, 86th Legislative Session

House Bill 3 created three new allotments that will require financial reporting: the dyslexia allotment, the college, career and military readiness (CCMR) outcomes bonus, and the early education allotment. The FASRG has been updated in April 2021 with final rules related to the use of these allotments, but the allotments and statutory language around their use are described below.

### Early Education Allotment

The use of the early education allotment must be in accordance with TEC 48.108 and can only to fund programs and services designed to improve student performance in reading and math in grades prekindergarten through three, including programs and services designed to assist the district in achieving the goals from the district's early childhood literacy and mathematics proficiency plans adopted under TEC 11.185.

For each student in average daily attendance in kindergarten through third grade, a school district is entitled to an annual allotment equal to the basic allotment multiplied by 0.1 if the student is:

- (1) Educationally disadvantaged; or
- (2) A student of limited English proficiency, as defined by Section 29.052, and is in a bilingual education or special language program under Subchapter B, Chapter 29.

The Elementary Campus Principal shall have oversight responsibility to certify the Early Education Allotment program data prior to submission to TEA shall be as noted on the Annual List of Program Coordinators (Exhibit Section).

The Business Manager and the Elementary Campus Principal shall collaborate to establish the Early Education Allotment budget. At least 100 percent of the early education allotment must be used in accordance with TEC 48.108.

### Dyslexia Allotment

The use of the dyslexia allotment must be in accordance with TEC 48.103 and can be used only for a student who is receiving services in accordance with an IEP under Section 29.005 or a plan developed under Section 504, is receiving instruction that meets dyslexia criteria established by the State Board of Education and is provided by a person with specific training in providing that instruction, or that is permitted to use modifications in the classroom or accommodations in the administration of assessment instruments on the basis of having dyslexia or a related disorder.

For each student that a school district serves who has been identified as having dyslexia or a related disorder, the district is entitled to an annual allotment equal to the basic allotment multiplied by 0.1 or a greater amount provided by appropriation. School districts are prohibited from using more than 20 percent of the dyslexia allotment to contract with a private provider to provide supplemental academic services recommended in the student's IEP or 504 plan.

Students may not be excused from school to receive these supplemental services. At least 100 percent of the dyslexia allotment must be used in accordance with TEC 48.103.

### College, Career and Military Readiness (CCMR) Allotment

For each annual graduate in a cohort described by Subsection (b) who demonstrates college, career, or military readiness as described by Subsection (f) in excess of the minimum number of students

determined for the applicable district cohort under Subsection (c), a school district is entitled to an annual outcomes bonus of:

- (1) if the annual graduate is educationally disadvantaged, \$5,000;
- (2) if the annual graduate is not educationally disadvantaged, \$3,000; and
- (3) if the annual graduate is enrolled in a special education program under Subchapter [A](#), Chapter [29](#), \$2,000, regardless of whether the annual graduate is educationally disadvantaged.

(e) A school district is entitled to an outcomes bonus under each subdivision of Subsection (d) for which an annual graduate qualifies.

The Secondary Campus Principal and Counselor(s) shall have oversight responsibility to certify the CCMR program data prior to submission to TEA shall be as noted on the Annual List of Program Coordinators (Exhibit Section).

The Business Manager and the Elementary Campus Principal shall collaborate to establish the Early Education Allotment budget. At least 55 percent of the college, career and military readiness outcomes bonus must be used in accordance with TEC 48.110 in grades 8 through 12 to improve college, career and military readiness outcomes.

## Part II - Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.0 through 200.1, respectively, and may be accessed at: [Education Department General Administrative Regulations \(EDGAR\) and Other Applicable Grant Regulations](#).

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “school district”, as a recipient of a federal grant award.

### General Provisions (Conflict of Interest & Disclosure):

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

#### Federal Regulations (EDGAR)

1. The district shall execute an organizational conflict of interest disclosure (signed by the Superintendent) only if the district enters into a relationship with an outside entity as described in the EDGAR organizational conflict regulations. **[2 CFR 200.318(c)(2)] At this time, the district has no such relationships.** [Note. EDGAR requires that if a non-Federal entity has a parent, affiliate, or subsidiary organization (that is not a state, local government, or Indian tribe), the non-Federal entity must also maintain written standards of conduct covering organizational conflicts of interest.]
2. The district has developed a **Purchasing Conflict of Interest Form** to be used to disclose employee conflicts related to purchasing, contract management or other expenditure of federal grant funds. [EDGAR requires that employees engaged in the selection, award and administration of contracts disclose conflicts to the district.] **2 CFR 200.318(c)(1)]**

#### State Regulations (State Law)

The District has established conflict of interest policies [School Board Policy BBFA, CAA, CB, CBB and DBD).

1. School Board Policy DBD Legal states: A local government officer (defined as the School Board and Superintendent) shall file a conflicts disclosure statement with respect to a vendor if the vendor enters into a contract with the district or the district is considering entering into a contract with the vendor and the officer has a conflict of interest or has accepted gifts in excess of \$100 in the aggregate in a 12-month period.
2. School Board Policy DBD Legal states: The Superintendent shall file an affidavit with the Board President disclosing a substantial interest, as defined by Local Government Code 171.002, in any business or real property that the Superintendent or any of his or her relatives in the first degree may have.

#### Local Regulations (Local Board Policy and/or Procedures)

1. School Board Policy CB Local states: Each employee, board member or agent of the district who is engaged in the selection, award or administration of a contract supported by a federal grant or award and who has a potential conflict of interest as defined at Code of Federal Regulations, Title 2, section 200.318, shall disclose to the district, in writing, any conflict that meets the disclosure threshold in Chapter 176 of the Local Government Code. In addition, each employee, board member or agent of the district shall comply with any other conflict of interest requirements imposed by the granting agency or a pass-through entity.
2. School Board Policy DBD Local states: Any other employee who is in a position to affect a financial decision involving any business entity or real property in which the employee has a substantial interest, as defined by Local Government Code 171.002, shall file an affidavit with the Superintendent; however, the employee shall not be required to file an affidavit for the substantial interest of a relative.

### Other Conflict of Interest Requirements

1. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
  - a. The District shall disclose in writing to the granting agency and/or pass-through entities any potential conflict of interest concerning the expenditure of federal or state grant funds. The [TEA Division of Grants Administration Conflict of Interest Disclosure Form](#) shall be used to disclose the potential conflict.
  - b. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery, or gratuity violations affecting a federal grant award. The [TEA Division of Grants Administration Conflict of Interest Disclosure Form](#) shall be used to disclose the violation(s).
  - c. The Superintendent or designee shall be responsible for overseeing, reporting, and documenting any fraud, abuse, or waste of federal grant funds.
  - d. The Superintendent shall be responsible for completing the Certification Statement on the TEA Division of Grants Administration Conflict of Interest Forms.

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting *unsolicited* gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an nominal (individual) value of \$25 [IRS business gift limit] and an aggregate value of \$100 [or current Conflict of Interest limit, whichever is less] in a fiscal year. The unsolicited gifts or tokens may be a nominal meal, vendor exhibit promotional items, calendars, or other nominal value items not specifically excluded below:

- Items prohibited at a public elementary and secondary schools such as drugs, tobacco or alcohol products

District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Superintendent.

### **Pre-Federal Award Requirements:**

The federal awarding agency and pass-through entities, in accordance with **2 CFR 200.332**, are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

To comply with this requirement, the Federal Fiscal Monitoring Division at TEA conducts an annual risk assessment of all subrecipients, including local educational agencies, to determine their potential risk of noncompliance. Based upon the outcome of the risk assessment, subrecipients are assigned a risk level of low, medium, or high.

The division updates the risk assessment model annually to ensure that risk indicators and weights reflect current risks, such as economic conditions; political conditions; regulatory changes; unreliable information; financial problems that could lead to diversion of grant funds; loss of essential personnel; loss of accreditation; rapid growth; new activities, products, or services; and organizational restructuring.

The risk assessment criteria include indicators and weights derived from multiple sources. Each subrecipient is allotted points based upon these criteria, and assigned a risk level of high, medium, or low based on the total number of points allotted.

The current TEA criteria to determine the risk level is available on the TEA website at: [Annual Federal Fiscal Risk Assessment | Texas Education Agency](#).

The effects of the district's risk level determined by TEA may impact the districts in the following ways:

- **Differentiated Grant Negotiation.** TEA uses a differentiated grant negotiation process for federal grant applications. Organizations with a medium or high risk level are subject to a more stringent grant negotiation review than those with a low risk level.
- **Subrecipient Monitoring.** Each year, TEA selects subrecipients for fiscal monitoring, according to their risk levels. The higher your organization's risk level, the more likely you are to be selected for monitoring.

The Business Manager obtain the district's risk assessment level by accessing the GFFC Reports and Data Collections secure application on an annual basis.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be "low":

1. Timely submission of all required programmatic and financial reports
2. Timely and consistent submission of reimbursement requests as an indication that the district is regularly spending the federal grant funds to conduct approved grant activities
3. Complying with the federal grant award fiscal guidelines and allowable cost principles
4. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
5. Developing and implementing district policies and procedures for all critical business functions
6. Developing and implementing grant management procedures and internal controls

If the District is determined to be a "high risk" district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a "low risk" entity status.

No pre-award expenses or obligations shall be made by the District prior to the approval of the federal granting agency or pass-through entity. **[2 CFR 200.458]** Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

## Grant Application Process

The district may be eligible to apply for "entitlement" and/or "competitive" federal grant funds.

Federal entitlement grant funds include, but are not limited to, Every Student Succeeds Act (ESSA), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The "maximum" and/or "final" entitlement awards for the district are posted on the TEA Grants Management webpage at:

[Administering a Grant | Texas Education Agency](#). The Superintendent shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

A list of competitive grants administered by the TEA are also posted on the TEA Grants Management webpage at: [ProgramSearch \(state.tx.us\)](#). The Superintendent shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district's available financial resources.

TEA's Grant Opportunities webpage provides a wealth of information related to available grants such as: [<http://burleson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx>]

In addition, all grant applications that will support student instruction at one or more campuses, must be developed in collaboration with the respective campus principal(s). Specific grant activities to support the academic program at a campus should be reflected in the Campus Improvement Plan.

**Illustration 1. Grant Application Approval Flowchart**

**The final approval of all grant applications shall be the Superintendent.**

The Title Coordinator shall work collaboratively with the finance department to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the district's

purchasing, travel, and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Title Coordinator and Campus Administrators shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- [Student educational field trips](#) – TEA Division of Grants Administration form
- [Hosting or sponsoring conferences](#) - TEA Division of Grants Administration form
- [Out-of-state travel](#) - TEA Division of Grants Administration form
- [Request for Approval of Special or Unusual Costs](#) – TEA Division of Grants Administration form
- [Request for Approval of Participant Support Costs](#) – TEA Division of Grants Administration form

An approved copy of a pre-approval form, if required, shall be attached to the purchase order for audit purposes.

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the district's current and future local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application "stamp-in date"; however, expenditures that require TEA's specific approval are not approved until the NOGA is issued.]

The grant application shall be the source document to create the original budget. The Business Manager shall review the grant application, especially the Budget Schedules, and only budget allowable expenditures and object categories. Reserved funds, if any, shall be included in the original budget.

The district shall provide public notice of federal grant applications through an information item at a Board meeting and by publishing information on the District's website. The district shall make opportunities for public input as required by law of the granting agency. (Resolution to CB(LOCAL) updated May 20<sup>th</sup>, 2021)

The Business Manager shall notify the Campus Administrators when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

### **General Provisions and Assurances**

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The Title Coordinator shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate.

Numerous resources are available on TEA's Provisions and Assurances webpage at:

[http://tea.texas.gov/Finance\\_and\\_Grants/Grants/Administering\\_a\\_Grant/Provisions\\_and\\_Assurances/](http://tea.texas.gov/Finance_and_Grants/Grants/Administering_a_Grant/Provisions_and_Assurances/)

- [Debarment and Suspension \(The New EDGAR\)](#)
- [Lobbying Certification \(The New EDGAR\)](#)

### **Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion**

The district must not award a contract [required for all federal grants, regardless of dollar amount] to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs. [2 CFR 200.213]

The Business Manager shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a [Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion for Covered Contracts and Grants Form](#) before awarding a contract and/or issuing a purchase order. A copy of the certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The Superintendent, or designee, shall monitor ongoing contracts to verify the contractor's compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

The [Vendor Management Procedures](#) shall be utilized to verify that vendors are not on the State of Texas or Federal ([www.sam.gov](http://www.sam.gov)) debarred lists.

### **Lobbying Certification**

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. [Appendix II – H1] The Business Manager shall jointly execute a [Lobbying Certification Form \[Standard Form – LLL: Disclosure of Lobbying Activities\]](#), as applicable, if the district used funds other than federal grant funds for lobbying activities.

The Superintendent, or designee, shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

### **Budgeting Grant Funds**

The finance department, Business Manager, shall budget grant funds in the appropriate fund code as authorized by [Financial Accountability System Resource Guide](#), or the granting agency, as appropriate. In

addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

For example, if the grant application included \$2,000 for “6219 Professional Services”, the budget shall include an appropriation for Professional Services in object code 6219. However, if the intent was to expend funds to pay a Math Consultant, the grant application may need to be amended to move the “6219 Professional Services” funds to the correct object code “6299 Other Professional Services”. **All expenditures shall be made from the correct FASRG object code.**

Federal grant funds shall be budgeted and available for use no later than 30 days after receipt of the NOGA or from the stamp-in date, whichever is earlier.

Budget amendments, if any, shall be approved by the Superintendent, or designee, to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at:  
[http://tea.texas.gov/Finance\\_and\\_Grants/Administering\\_a\\_Grant.aspx](http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx).

The guidance document contains the following guidance:

1. Use Table 1 for federally funded grants and for grants funded from both federal and state sources.
2. Use Table 2 for state-funded grants. Refer to the “Select Grantees” column if the NOGA is for over \$1 million.

In addition to TEA’s guidelines, federal regulations require that the district amend the grant application when grantees deviate from the original scope or grant objectives.

#### **Best Practice for Monitoring Grant Expenditures**

The Business Manager, Title Coordinator, and/or Special Education Director shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, as applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the Business Manager, Title Coordinator, and/or Special Education Director shall initiate the amendment process and collaborate with the Superintendent prior to submission of the grant amendment. The approval process of a grant amendment shall be the same as the grant application process, i.e. the Superintendent shall approve all federal grant amendments.

The finance department, Business Manager, shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

## Financial and Program Management

The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR). [2 CFR 200.211]

### FFATA Reporting

The district shall report the following for all federal grant awards, as appropriate. The Superintendent, or designee, shall be responsible for collecting and reporting the information.

1. The following data about sub-awards greater than \$25,000
  - a. Name of entity receiving award [entity = district]
  - b. Amount of award
  - c. Funding agency
  - d. NAICS code for contracts / CFDA program number for grants
  - e. Program source
  - f. Award title descriptive of the purpose of the funding action
  - g. Location of the entity (including congressional district)

  - b. Compensation information is not already available through reporting to the SEC.

**At the present time, the district has no federal grant sub-awards greater than \$25,000.**

### Financial Management System

The District's financial management system, Ascender Finance System, shall be utilized to record, expend and track all federal grant revenues and expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data. [2 CFR 200.302(a)]

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate. In addition, the district shall include written procedures to implement the requirements of 2 CFR 200.305 Payments. [2 CFR 200.302(b)(6)]

## Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. **[2 CFR 200.334]** Consequently, the district shall ensure that access to the data is restricted to authorized individuals in accordance with the district's Data Security and Access policies. In addition, the district shall retain all federal grant records for a period of five (5) years in accordance with the district's Local Records Retention Plan. [Note: The district's retention period exceeds the three (3) year retention period required in the EDGAR.] The district's Record Management Officer (RMO), the Superintendent or designee, shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

## List of Federal Grant Awards

A list of all federal grant awards shall be maintained to include all EDGAR required data (denoted with an \*) and district-required information listed below: [List of all federal grant awards with the required identification information is included in the Exhibit Section] **[2 CFR 200.302(b)(1)]**

- The CFDA title and number\*,
- Federal award identification number and year\*,
- Name of the Federal agency\*, and
- Name of the pass-through entity\*, if any.
- Grant period (start and end of the grant award)
- Grant award (dollar amount of award)
- Grant manager for each grant (Generally, the Asst. Superintendent for C&I shall serve as the Grant Manager, unless otherwise noted)
- Subgrants, if any
- TEA-assigned risk level for each grant, as appropriate
- Applicable federal regulations (OMB A-87 or EDGAR, based on the date of grant award)

On at least a monthly basis, the Superintendent and/or Business Manager, shall review the status of each federal grant fund. The review shall include a comparison of budget to expenditures. **[2 CFR 200.302(b)(5)]**

## Internal Controls

Internal controls, defined in **2 CFR 200.1**, is a process, implemented by the district, designed to provide reasonable assurance regarding the achievement of objectives in the following categories.

- Effectiveness and efficiency of operations
- Reliability of reporting for internal and external use; and
- Compliance with applicable laws and regulations.

The district's **Internal Control Procedures** over financial management, developed in accordance with the Internal Control Integrated Framework (COSO) and TEA's Internal Controls Guidance Handbook, shall be made available to all staff involved in the management of federal grant funds. **[2 CFR 200.303]** TEA's

Internal Controls Guidance Handbook provides a general overview of internal controls as they relate to the federal grants TEA awards. According to the Handbook, the district must have an effective system of internal controls in place to prevent, detect and reduce the risks of fraud, waste and abuse of federal grant awards.

The internal control procedures shall be reviewed on at least an annual basis and updated as appropriate. If any weakness in an internal control is detected, the internal control procedures shall be revised to incorporate the weakness (es) at either the annual review or as the need arises dependent upon the severity (materiality) of the weakness.

The Superintendent or designee shall be responsible for the annual review and update of the **Internal Control Procedures**.

### **Bonds**

If the granting agency requires that the district obtain bonding and/or insurance for a specific project, the district shall ensure that the bonds are obtained from a company that holds a certificate of authority as specific in 31 CFR Part 223, Surety Companies Doing Business with the United States.

The Superintendent or designee shall be responsible for obtaining insurance and/or bonding, as appropriate.

### **Payments from the Granting Agency and to Vendors**

Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, the district shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

The district has determined that it will not accept advanced payments for federal grant funds. Acceptance of advanced payments require depositing of the funds in an interest-bearing bank account, tracking of interest earnings, and return of all investment earnings in excess of \$500 per year to the granting agency. **[2 CFR 200.305(9)]**

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a “draw-down” of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The Superintendent or designee shall be responsible for preparing the draw-down of federal grant funds. All draw-downs shall be recorded on the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

The **Federal Grant Fund Expenditure Reimbursement Certification Form** shall be prepared and certified by the Business Manager and Superintendent prior to completing the on-line [or manual] draw-down procedure. To ensure that the district does not draw down any advanced funds, the draw down shall occur after the 10<sup>th</sup> of the following month to ensure that all payroll-related liabilities, such as federal

taxes and Texas Teacher Retirement System deposits, have been disbursed from the districts bank accounts. The draw-down of payroll expenditures shall be net of all accrued wages (object code 2161) and payroll liabilities (object code 2211).

All expenditures must meet the Obligation Rules (Title 34, 76.707 ). Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in 2 CFR 200, Subpart E of EDGAR (as applicable) and program rules, regulations, and guidelines contained elsewhere.

The Business Manager shall strive to “draw-down” federal grant funds only a monthly, or at least quarterly basis. **TEA requests that LEAs make timely draw-downs to ensure that funds are being used and that grant activities are being met throughout the grant period.**

### **Cost Sharing or Matching Funds**

The Superintendent or designee shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the grant. At a minimum, the Business Manager and the Superintendent must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds, shall be subject to the federal Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations **(CFR 200.306)**.

### **Program Income**

The district does not plan to generate any program income as part of a federal grant award. Federal regulations **(CFR 200.307)** allow the district to generate program income to offset federal grant award costs. Income earned, if any, must be expended in accordance with the grant requirements.

In the event that the district opts to generate program income as part of a federal grant award in the future, all recommendations for program income activities, shall be reviewed and approved by the Business Manager and the Superintendent.

If program income activities are approved, the Superintendent or designee over the activities shall ensure that the costs of generating the program income are not federal grant funds, are nominal in cost, are offset from the program income, and meet all of the federal requirements. The **TEA Division of Grant Administration Request to Add Program Income to Federal or State Grant Award and Expansion Delivery of Programmatic Services Form** shall be used to request authorization to use any program income to support a state or federal grant.

**The district shall not retain any program income earned through a federal grant program.**

### **Period of performance (Obligations)**

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Business Manager shall notify the appropriate departments, such as Purchasing, Human Resources, Finance, Payroll, etc. of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except during the federal grant period
- No purchase obligation shall be made from federal grant funds except during the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period.

The district's **Purchasing Deadlines** have been established to facilitate the purchase of all goods and service within the fiscal year and/or grant period. The purchasing deadline for non-federally funded purchases is May 30<sup>th</sup> of each fiscal year. The purchasing deadline for federally funded purchases will follow this same deadline, unless the deadline is adjusted to fall within the grant's period of performance. At a minimum, the purchasing deadlines for federally-funded purchases shall end approximately two (2) months prior to the end of the grant period to ensure **receipt** and **use** of the goods or services for the intended grant activities.

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. **[2 CFR 200.309]**

Guidance regarding the obligation of federal grants funds **[Title 34 76.707]** can be found in TEA's General and Fiscal Guidelines. Excerpt from the guidelines is noted below:

---

An obligation occurs depending upon the expenditure, as described in the following table.

If the Obligation Is For—	The Obligation Is Made—
Acquisition of real or personal property	On the date the grantee makes a binding written commitment to acquire the property
Personal services by an employee of the grantee	When the services are performed
Personal services by a contractor who is not an employee of the grantee	On the date on which the grantee makes a binding written commitment to obtain services
Performance of work other than personal services	On the date on which the grantee makes a binding written commitment to obtain the work
Public utility services	When the grantee receives the services
Travel	When travel is taken
Rental of real or personal property	When the grantee uses the property

## Procurement Standards and Expenditure of Grant Funds

Procurement with and expenditure of grant funds shall be through the documented purchasing, finance or payroll department processes in place for non-grant funds and shall have additional requirements as noted below to ensure full compliance with federal regulations, specifically the Procurement Standards in **EDGAR 2 CFR Part 200.318-200.327**.

The district shall comply with the general procurement requirement of the EDGAR (2 CFR 200) **effective July 1, 2018 and amended in November 2020**. The district shall utilize a purchase order and encumbrance system to manage the expenditure of all federal grant funds unless other methods such as credit cards, petty cash, direct payments, etc. are authorized in the district's operating procedures. All purchases shall be in accordance with the district's School Board Policies (CH Legal and Local) and the district's **Purchasing Procedures (Exhibit Section)**. **The district purchasing procedures shall comply with all federal, state, and local procurement requirements. If a conflict arises between the federal, state and local requirements, the stricter requirement shall prevail.**

The district shall adhere to state law and federal guidelines related to competitive procurement of grant purchases. Specifically, the district shall comply with the Texas Education Code, Chapter 44 regarding the authorized competitive procurement options available to school districts. In addition, any competitive procurement requirements specific to a federal grant must also be adhered to for all grant purchases. For example, a federal grant may require that all purchases and/or contracts that exceed \$100,000 be approved by the granting agency before approval of a purchase order or contract.

Additional compliance with federal guidelines may include specific approval for purchases from sole sources vendors, non-appropriate cancellation language in multi-year contracted purchases, vendor selection criteria, and other guidelines specific to a federal grant.

**The district shall utilize the Financial Accountability System Resource Guide (FASRG) Account Code Structure to record all payroll and non-payroll expenditures.** Additional guidance regarding the FASRG Account Code Structure is available on the TEA Website ([www.tea.texas.gov](http://www.tea.texas.gov)) and the district's Chart of Accounts Reference Guide.

The Title Coordinator, Special Education Director, Superintendent and/or designee for each federal grant shall be responsible for the programmatic and evaluation compliance and the Business Manager shall be responsible for the financial compliance.

### **Federal Regulations - Education Department General Administrative Regulations (EDGAR)**

The district shall adhere to the **Education Department General Administrative Regulations (EDGAR)** and any additional grant-specific cost principles. The 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards include numerous requirements of the grantee.

All refunds, rebates, discounts, or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. [Note. It is essential to post all credits to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits.]

Additional information related to the EDGAR is located at:  
<http://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html>

### **State-Administered Federal Grant Guidelines and Requirements**

The district shall also adhere to General and Fiscal Guidelines established by the Texas Education Agency. The guidelines for grants awarded before and after December 26, 2014 are hyperlinked below:

- Consultant fees in excess of \$2,500 per day [no maximum in EDGAR, but there may be a grant-specific maximum], unless an exception is authorized by the Superintendent

### **Procurement Tracking and Documentation**

The Superintendent or designee shall be responsible for ensuring compliance with all federal, state and local procurement requirements and for ensuring that the district maintains an up-to-date procurement history to include, but not limited to, the information below for all federal-funded purchases (**2 CFR 200.318(i)**).

### **Purchasing Efficiency Strategies**

All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. The district shall strive to avoid acquisition of unnecessary or duplicative items **(2 CFR 200.318(d))**.

The district shall implement the following strategies to maximize federal grant funds:

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing **(2 CFR 200.318(e))**
- Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate **(2 CFR 200.318(f))**
- Utilizing value-engineering in construction projects to seek cost reductions **(2 CFR 200.318(g))**
- Develop vendor selection criteria to select the best vendor **(2 CFR 200.318(h))**
- Develop a tracking system of all informal and formal procurements **(2 CFR 200.318(i))**
- Avoid “time and materials” contracts if other alternatives exist **(2 CFR 200.318(j)(1))**
- Monitor vendor performance to ensure that the vendor provides the services and/or goods, as appropriate **(2 CFR 200.318(k))**
- Ensure that all contract and vendor disputes are resolved in the most advantageous manner
- Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate

The district has determined that its procurement systems comply with the Procurement Standards or The district may complete a review of the procurement system to self-certify that the procurement system is efficient and effective **(2 CFR 200.325)**. The Superintendent shall oversee the completion of the self-certification. The results of the certification shall be distributed to all grant management staff. If deficiencies are noted, the Superintendent or designee shall develop a Corrective Action Plan to remedy the deficiencies, as appropriate.

### **Conflict of Interest**

The Superintendent shall execute an Organizational Conflict of Interest document to disclose if any conflicts exist in the application, receipt of, or expenditure of federal grant funds. **An organizational conflict of interest does not apply to the district at this time – there are no parent, affiliate or subsidiary organizations related to the district.**

The Superintendent, School Board Members, Human Resources/Payroll Coordinator, Business Manager, Special Education Director, Title Coordinator shall each execute a **Conflict of Interest Form** to disclose a conflict of interest, as appropriate, related to the awarding of a contract or substantial expenditures with federal grant funds. Substantial expenditures shall be defined as a purchase in excess of \$10,000.

**No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. In addition, no**

employee, officer or agent of the district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontractors. All employees shall comply with the Educators' Code of Ethics (DH Exhibit). Violators of the Code of Ethics shall be subject to disciplinary action, including but not limited to, termination of employment with the district.

### **Vendor Competition**

The finance/purchasing department shall be responsible for selecting and awarding contracts to vendors that are qualified to provide the goods and/or services to be purchased with federal grant funds. The vendor selection process shall ensure that the district does not restrict competition among qualified vendors **(2 CFR 200.319)**.

### **Vendor Selection Criteria**

The district has selected vendor qualification criteria that includes, but is not limited to, the following:

- Past experience with the district
- Cost of goods and services, including future costs of maintenance
- Vendor's financial stability and position as it relates to the ability to provide the goods and/or services
- Small, minority, woman-owned, or labor surplus area firms

The district shall not restrict vendor competition by requiring any of the following as selection criteria: **[2 CFR 200.319]**

- Unreasonable requirements, such as excessive experience or bonding, brand name products, or geographic preferences that would unduly restrict competition among qualified vendors
- Arbitrary restrictions that are not essential to the bid/proposal specifications

### **Vendor Database**

A vendor database shall be maintained by the finance department the finance system (Ascender Business System). Vendor selection shall include the following criteria:

- Has not been debarred or suspended by the State of Texas or federal government
- Is licensed or registered with the State of Texas to perform the contracted services, as appropriate
- Has obtained the minimum insurance limits and/or bonding established by the district, as appropriate
- Has disclosed any felony convictions and/or criminal history, as appropriate

All vendors shall complete the appropriate vendor forms as required by federal or state regulations and the district. The district requires that every vendor have the following documents on file:

- Vendor application file (new vendors)
- [Form W-9](#) – Internal Revenue Service

- [Conflict of Interest Questionnaire \(CIQ\)](#) – Texas Ethics Commission
- Felony Conviction Notice
- Fingerprinting (If working directly with students)
- Criminal Background and Fingerprinting (if working directly or indirectly with students)
- Certificate of Insurance (with the District as additional insured) if services will be rendered on district property

Vendors shall be assigned a primary vendor category code to track aggregate purchases by “like items”.

### **Vendor Management**

A vendor database shall be maintained by the Business Manager with oversight by the Superintendent.

Although the district maintains a pre-qualified vendor database, to ensure open competition, vendors shall be allowed to enter competition at any time during the school year.

Complaint and appreciation reports become a permanent record of the vendor and must be accurate to guarantee an equitable resolution and to serve as a reliable guide for future action, positive or negative, regarding a vendor’s performance.

### *Bid and Proposal Specifications*

The district shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. A vendor that is allowed to assist with the development of specifications shall be ineligible to submit a proposal for the specific procurement as this may provide a barrier to open, competition among the qualified vendors. **[2 CFR 200.319(b)]** The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.
- Bid/Proposal Sheet
- Bid/Proposal evaluation criteria, including the weights, as applicable
- Other documents, as appropriate for a specific bid/proposal

The district’s specifications shall incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the

technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. **[2 CFR 200.319(b)(6)].**

The Superintendent shall oversee all bid/proposal documents before release to the vendor to ensure the documents comply with the federal requirements.

### Procurement Methods

The district shall use one of the procurement methods allowed by federal regulations to procure goods and services with federal grant funds **[2 CFR 200.320]**. In addition, the district shall comply with state purchasing laws and local Board Policy, CH Legal and Local.

The procurement method shall be determined based on the type of goods or services to be purchased with federal grant funds. The Superintendent or designee shall be responsible for selecting the appropriate procurement method for each procurement.

**The district shall adhere to the *most restrictive* federal regulations, state laws, local policies and/or procedures when the guidance documents are in conflict. [CFR 200.403(c)]**

### Procurement Levels and Requirements

The district has developed and implemented a Purchasing Levels and Requirements Chart for non-federal and federally-funded purchases. The chart includes the following data:

- Purchase Commitment Amount
- Support [Documentation] Required
- Additional Forms Required, if any
- RFP/RFQ Requirement
- Board Approval Requirement
- Advertising Requirement

Note. The threshold shall be determined by expenditures for “like-items” in the aggregate over a fiscal year (September 1<sup>st</sup> through August 31<sup>st</sup>). The Superintendent or designee shall review expenditures from all district funds (local, state and federal) by “like-item” on at least quarterly to monitor that the district does not exceed any “like-item” categories. The district has elected to use a coding system for “like-items” that is similar to the State of Texas Procurement Commodity Codes, plus locally defined codes that may not exist on the Commodity Codes. A copy of the district’s Like-Item Categories are in the Exhibit Section.

The ‘like-item’ categories shall be entered in the finance system, (such as Ascender Business System), as vendor categories and shall be indicated on every purchase order as illustrated below. The sample requisition indicates that the supplies for Math have been coded to Like-Item Category #393 – Supplies, Instructional, Math.

The screenshot shows a procurement system interface. At the top, there are buttons for 'Retrieve' and 'Directory'. Below these are several tabs: 'Add - Clear All', 'Add - Clear Vendor', 'Add - Clear Detail', 'Vendor Notes', 'Comments', 'Uniform Acct Distr', 'Print', and 'Submit'. The form contains various fields for requisition details, including Requisition Number, Date Request, Originator, Date Required, Requestor, Reason, Order For, Requisition Per, Sort Key/Vendor Name, Shipping Addr, Bid Category, Vendor Nbr, Campus/Dept, Bid Nbr, Credit Card Code, Priority, Work Order, Freight Cost, Distr Freight Amt, Confirm Only, Attachments, and Requisition Total. Below the form is a table with columns: Delete, Note, Item, Catalog Nbr, Description, Quantity, Unit of Issue, Status, Unit Price, Discount %, SubTotal, Discount Amt, Freight Elig, Commodity Code, Freight %, Freight Amt, and Totals. The table contains one row for 'MATH MANIPULATIVES' with a quantity of 1.00 and a unit price of 500.00000. The commodity code is '393 - SUPPLIES INSTRUCTIVE'. A red arrow points to the commodity code field.

Delete	Note	Item	Catalog Nbr	Description	Quantity	Unit of Issue	Status	Unit Price	Discount %	SubTotal	Discount Amt	Freight Elig	Commodity Code	Freight %	Freight Amt	Totals
	Note	001		MATH MANIPULATIVES	1.00	EA Each	Y - Approved	500.00000	0.00%	500.00	0.00		393 - SUPPLIES INSTRUCTIVE	0.00%	0.00	500.00

The Superintendent or designee shall review annual expenditures from all district funds (local, state and federal) after the close of the fiscal year to determine if any additional “like-item” categories should be added for the following fiscal year. The budgeted funds by like-item categories may also be helpful in planning for large expenditures in a particular like-item category in a given fiscal year.

## Micro-Purchase Procurement Method

Micro-purchases may be awarded without soliciting competitive price or rate quotations if the non-Federal entity considers the price to be reasonable based on research, experience, purchase history or other information and documents it files accordingly. Purchase cards can be used for micro-purchases if procedures are documented and approved by the school district [2 CFR 200.320(a)(1)(ii)]. [The district has written Procurement Card Procedures – refer to the Exhibit Section.]

The school district is responsible for determining and documenting an appropriate micro-purchase threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. The micro-purchase threshold used by the school district must be authorized or not prohibited under State or local laws or regulations. School districts may establish a threshold higher than the Federal threshold. [2 CFR 200.320(a)(1)(ii) and (iii)].

The Superintendent or designee shall conduct an evaluation on an **annual basis** of the district’s internal controls, TEA-assigned risk level and documented procurement procedures to determine the

appropriate micro-purchase threshold. The **Self-Certification of Micro-Purchase Threshold form** shall be submitted to the Superintendent at least 30 days prior to the start of each fiscal year for his/her review and consideration. The approved threshold shall be documented in the State and Federal Grants Manual to ensure that all stakeholders are aware of the approved micro-purchase threshold.

#### *Micro-Purchase Procedures – Less than \$10,000*

The **Procurement by Micro-purchase** may be the most frequently used method due to the frequent purchase of goods or services that are less than \$10,000 in the aggregate, as defined in **CFR 200.1** and the granting agency. The district shall purchase goods and services under this method from among qualified vendors, but will not competitively procure the micro-purchases, unless in the aggregate in a 12-month period (fiscal year), the district exceeds federal or state law thresholds [**2 CFR 200.320 (a)**], or the district's threshold in Board Policy CH Legal or Local.

The finance/purchasing department shall distribute micro-purchases equitably among qualified vendors to the maximum extent possible and shall ensure that the price is reasonable.

#### *Micro-Purchase Procedures – Up to \$49,999 [Or lesser amount based on Board Policy CH Local]*

As of November 12, 2020, **2 CFR 200.320(a)(1)(iv)** states that a *Non-Federal entity increase to the micro-purchase threshold up to \$50,000*. Non-Federal entities may establish a threshold higher than the micro-purchase threshold identified in the FAR in accordance with the requirements of this section. The non-Federal entity may self-certify a threshold up to \$50,000 on an annual basis and must maintain documentation to be made available to the Federal awarding agency and auditors in accordance with §200.334. The self-certification must include a justification, clear identification of the threshold, and supporting documentation of any of the following:

- (A) A qualification as a low-risk auditee, in accordance with the criteria in §200.520 for the most recent audit;
- (B) An annual internal institutional risk assessment to identify, mitigate, and manage financial risks; or,
- (C) For public institutions, a higher threshold consistent with State law.

The district's Board Policy CH Local has a \$5,000 threshold for Board approval of purchases.

The district has elected to self-certify a threshold up to \$49,999 in accordance with Texas law (TEC 44.031). The Superintendent shall complete the **Self-Certification of Increased Micro-purchase threshold Form** on an annual basis at least 30 days prior to the start of each fiscal year. A copy of the form is included in the Exhibit Section.

#### **Small Purchase Procedures - \$50,000 - \$249,999**

The **Procurement by Small Purchase Procedures** shall be used by the district when the purchase of goods or services do not exceed \$250,000, the Simplified Acquisition Threshold (**CFR 200.1**). The purchasing department shall require written, emailed, or faxed quotations from at least three (3) qualified vendors for all small purchases, i.e. purchases that do not exceed \$50,000 [the state law threshold which requires a competitive procurement]. **Note.** The quotes can be from three (3) separate

vendors within a qualified purchasing cooperative or different purchasing cooperatives to meet both the EDGAR and state law requirements for competitive procurement.

The district shall strive to obtain small purchases from qualified vendors under a Cooperative Purchasing Program **[2 CFR 200.318 (e)]**. Even though these cooperative purchasing programs have competitively procured the vendor contracts, the district shall compare the pricing among the vendors to select the best quality and price.

The Cooperative Purchasing programs shall provide an EDGAR compliance certification on an annual basis. If the Cooperative fails to provide the certification, the district shall not purchase goods or services through the Cooperative with federal grant funds. Reminder: District must still obtain at least 2 quotes from cooperatives to ensure compliance.

The district is currently participating in the following cooperative purchasing programs:

- **TASB Buy Board**
- **ESC 20 Purchasing Co-Op**
- **ESC 2, Goodbuy Co-Op**
- **ESC 5- Southeast Texas Purchasing Co-Op**
- **ESC 8 – Interlocal Purchasing System (TIPS)**
- **Texas Employees Benefit Co-Op (TEBC)**
- **State of Texas Co-Op Purchasing Program (TxSmartBuy)**

#### *Sealed Bid Procedures – Over \$250,000\**

The **Procurement by Sealed Bids** (formal advertising) method shall be used by the district when the purchase of goods or services exceed \$250,000 if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price **[2 CFR 200.320 (b)(1)]**. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Bids must be solicited from an adequate number of bidders, but no less than two (2) bidders
- Bids must be publicly advertised and bidders shall be provided an adequate amount of time to prepare and submit their bid. Local criteria shall include:
  - The district shall publicly advertise all bids in accordance with state law, i.e. at least two (2) times in two separate weeks
  - The district shall provide no less than ten (10) days for bidders to prepare and submit their bids
- Bids must contain detailed specifications to ensure that bidders have a clear understanding of the goods or services that the district is seeking to purchase
- Bids must specify the time, date, and district location where bids will be opened publicly
- Bids must be awarded based on a fixed price contract to the lowest responsive and responsible bidder. The district shall consider discounts, transportation costs, and life cycle costs only if

these factors were included in the bid specifications. The district will consider payment discounts because the district does routinely take advantage of payment discounts.

- Bids will be evaluated, ranked, and a recommendation for award made to the School Board at a regularly scheduled board meeting.
  - If no bidder is recommended, the district shall reject all bids and evaluate whether to modify the bid specifications to initiate a new bid process
- The district shall notify the successful bidder and process the contract documents and/or purchase orders, as appropriate
- The district shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

**\*Note. The state regulations (TEC Chapter 44) related to competitive procurement shall be implemented at a \$50,000 threshold even though the federal regulations allow greater flexibility.**

#### *Competitive Proposal Procedures – Over \$250,000*

The **Procurement by Competitive Proposal** method shall be used by the district when the acquisition of the goods or services exceeds \$250,000 and does not lend itself to a fixed price contract **[2 CFR 200.320 (b)(2)]**. The district shall comply with the competitive proposal requirements, as defined by the EDGAR, as noted below:

- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked, and a recommendation for award made to the School Board at a regularly scheduled board meeting **[2 CFR 200.320(b)(2)(ii)]**
  - The district shall utilize the **Competitive Sealed Proposal Process Checklist**
  - The district shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores
  - The district shall evaluate each proposal by committee or no less than two (2) district staff with knowledge of the RFP specifications
  - In accordance with state law, the vendor who is ranked highest as providing the “proposal most advantageous to the district” shall be notified of the potential award
    - The district may negotiate with the vendor only as it relates to potential cost savings
    - If the district and vendor cease to negotiate, the district shall notify the vendor in writing before starting to negotiate with the 2<sup>nd</sup> highest ranked vendor.
- The district shall notify the successful proposer and process the contract documents and/or purchase orders, as appropriate
- The district shall notify all of the unsuccessful proposers to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

## Noncompetitive Proposal Procedures

The **Procurement by Noncompetitive Proposal** method shall be used by the district when the purchase of goods or services is from a “sole source vendor” [2 CFR 200.320 (c)].

A sole source vendor is defined as a vendor that meets the following requirements:

- The acquisition of property or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold [2 CFR 200.320 (c)(1)]
- The goods or services are only available from a single source [2 CFR 200.320 (c)(2)]
  - The district shall acquire and maintain a copy of a vendor’s sole source letter which specifies the statutory or other reason for its sole source status
  - The [TEA Division of Grants Administration Request for Noncompetitive Procurement \(Sole Source\) Approval Form](#) shall be utilized to request prior approval of a non-competitive, sole source proposal.
  - The district’s [Sole Source Justification Form](#) shall be completed and submitted with the single source proposal.
- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process [2 CFR 200.320 (c)(3)]
  - The district shall declare a public exigency or emergency prior to making such as purchase of goods or services under this method
- The granting agency or pass-through entity authorized the use of a non-competitive proposal method [2 CFR 200.320 (c)(4)]
  - The district shall obtain written approval/authorization from the granting agency or pass-through entity.
- After solicitation of a number of sources, competition is determined to be inadequate [2 CFR 200.320 (c)(5)]
  - The district shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations

**Note. TEA has approved Education Service Centers in the non-competitive proposal category.**

## *Other Procurement Guidelines*

### Vendor Preferences

In accordance with state purchasing laws, the district shall comply with the Texas Education Code (TEC Chapter 44) if the procurement guidelines are stricter under state law than federal regulations. Regardless of the procurement method, the district shall encourage small, minority, woman-owned and labor surplus area firms to compete with other qualified vendors by implementing strategies to encourage their participation [2 CFR 200.322].

As appropriate, and in accordance with **2 CFR 200.322**, the district should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

The Superintendent or designee shall ensure that vendor preferences are included in all specifications, purchase orders and contracts, as appropriate.

#### Vendor Restrictions

In accordance with **2 CFR §200.216** that prohibits certain telecommunications and video surveillance services or equipment, the Business Manager and the Network Administrator shall review and approve all telecommunication contracts for goods and services with federal grant funds to include the following:

(a) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

- (1) Procure or obtain;
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
  - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
  - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
  - (iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

The district shall comply with the federal regulations related to the procurement of recovered materials **[2 CFR 200.323]** and the Solid Waste Disposal Act.

For all purchases that exceed the Simplified Acquisition Threshold of \$250,000, the district shall perform a cost or price analysis with every procurement [2 CFR 200.324]. Secondly, all purchases that exceed this threshold shall comply with federal bonding requirements such as [2 CFR 200.326]:

- Bid guarantee from each bidder of five percent (5%) of the contract price
- Performance bond on the part of the contractor for 100% of the contract price
- Payment bond on the part of the contractor for 100% of the contract price.

The Superintendent or designee shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.

All contracts shall contain the applicable provisions described in 2 CFR 200 Appendix II [2 CFR 200.327]. In addition, all contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other district contracts. The Contract Procedures and Contract Review Checklist are applicable to all federally funded contracts.

The district shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. The district shall maintain all procurement records for five (5) years in accordance with the district's Local Records Retention Schedule.

## Property Standards and Management

The district shall safeguard all property (capital assets and inventory) purchased with federal grant funds under the same guidelines as property purchased with non-federal funds [2 CFR 200.310]. Additional insurance for property purchased with federal grant funds shall be acquired if specifically required by a federal grant award. The Superintendent or designee shall oversee the acquisition of insurance for all federally funded property.

Title to federally-owned property remains vested in the Federal Government. The district must submit annually an inventory listing of federally-owned property in its custody to the Federal awarding agency. Upon completion of the Federal award or when the property is no longer needed, the district must report the property to the Federal awarding agency for further Federal agency utilization [2 CFR 200.312].

## Federally-funded Capital Assets

The district [has or has not] and [will or will not] use federal grant funds to purchase real property. At the present time, the district operates several district facilities that are owned by the Department of Education. The district shall insure the DOE-owned buildings for loss in the same manner as locally-owned facilities.

If the district owns and/or purchases real property, the title to the real property acquired or improved under a federal award will vest upon acquisition with the district **[2 CFR 200.311(a)]**.

### Federally-funded Capital Assets

The district may use federal grant funds to purchase capital assets (tangible and intangible assets) and supplies if approved by the granting agency. The district **[shall or shall not]** use federal grant funds to purchase intangible property (defined in **[2 CFR 200.1]**). If the district purchases intangible property, the title to the intangible assets vest upon acquisition with the district **[2 CFR 200.315]**.

The federally-funded capital assets shall be used only for the authorized purposes and shall be disposed of, at the end of the useful life or end of the grant period, in accordance with the grant award guidelines **[2 CFR 200.313]**. The district shall not use the federally-funded capital assets to generate program income. The purchase of capital assets shall be recorded in object code 66XX in accordance with the FASRG and any local-use account codes.

### Federally-funded Supplies

The federally-funded supplies shall be used only for the authorized purposes. Supplies shall include all non-assets such as consumable supplies and non-consumable inventory (equipment with a unit cost from \$1,000 to \$4,999). Any residual (unused) supplies, in excess of \$5,000 in total aggregate value, at the end of the grant program or project may be used for any other federal grant program. **[2 CFR 200.314]** Otherwise, the supplies shall be retained by the district or sold but must reimburse the granting agency for the district use or sale of the supplies. The district shall implement purchasing deadlines for the purchase of federally-funded supplies to ensure that residual supplies are not available at the end of the grant period or project. The purchasing deadlines are posted on the Business webpage at [www.deweyvilleisd.com](http://www.deweyvilleisd.com). The purchase of supplies shall be recorded in object 639X, in accordance with the FASRG and any local-use account codes.

### Capitalization Policy and Definitions

#### Capital Assets

The district shall utilize the same capitalization policy for non-grant and grant-funded asset purchases. The district's capitalization threshold for assets is \$5,000 per unit cost. The district has adopted the EDGAR **(CFR 200.1)** definitions of property as noted below:

- *Capital assets* means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. **(CFR 200.1)**.
- *Equipment* means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the

lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. **(CFR 200.1)**

- *Computing devices* means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. **(CFR 200.1)**
- *General purpose equipment* means equipment which is not limited to research, medical, scientific or other technical activities.
  - Examples include office equipment and furnishings, modular offices, telephone networks, information technology equipment and systems, air conditioning equipment, reproduction and printing equipment, and motor vehicles.
- *Information technology systems* means computing devices, ancillary equipment, software, firmware, and similar procedures, services (including support services), and related resources. **(CFR 200.1)**
- *Special purpose equipment* means equipment which is used only for research, medical, scientific, or other technical activities.
  - Examples of special purpose equipment include microscopes, x-ray machines, surgical instruments, and spectrometers.
- *Supplies* means all tangible personal property other than those described in **§200.1** Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. **(CFR 200.1)**

## Acquisition Cost

The district has also adopted the EDGAR definition of Acquisition cost as noted below:

- *Acquisition cost* means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in or excluded from the acquisition cost in accordance with the non-Federal entity's regular accounting practices. **[CFR 200.1]**

The district shall utilize the invoice cost, including all related costs, to record the cost of the equipment on the fixed asset database.

## Inventory Items

The district has also defined “inventory items” as items with a unit cost between \$1,000 and \$4,999. ### *Maintaining Capital Asset Inventory & Records*

All federally-funded capital assets shall be maintained in an operable state. If repairs are necessary, the district may pay for the repairs of the federally-funded assets with federal grant funds, unless expressly restricted by the granting agency. All federally-funded capital assets shall have a tag affixed to the assets to distinguish the assets from non-federally funded assets.

The district fixed asset procedures require an annual inventory (or more frequently if required by a granting agency) of all capital assets and reconciliation of the asset reports. **[Note. Federal requirements CFR 200.313(d)(1) requires an inventory at least once every 2 years.]**

## Cost Principles

All grant expenditures must be allowable under the Federal Cost Principles (2 CFR 200 – Subpart E), the grant application program assurances, the granting agency's policies, and the district policies and procedures.

The [General Provisions for Selected Items of Cost \(Cost Principles\)](#) are available on the Department of Education EDGAR webpage.

The district shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. General criteria affecting the allowability of costs includes, but may not be limited to, the following: **[2 CFR 200.403] and [2 CFR 200.320(b)(7)]**

- Costs must be reasonable and necessary **[2 CFR 200.404]**
  - A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
  - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards **[2 CFR 200.405]**
- Be authorized or not prohibited under State or local laws or regulations.

- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits. [2 CFR 200.406]
- Be adequately documented.

### Cost Allocation Plan and Indirect Cost Rate

A cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the district, must be certified by the district using the **Certificate of Cost Allocation Plan or Certificate of Indirect Costs** as set forth in Appendices III through VII, and Appendix IX. The certificate must be signed on behalf of the district by the Superintendent. [Must be an individual at a level no lower than the Superintendent, Assistant Superintendent or Business Manager of the district.]

All district costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the **2 CFR 200.403**. In addition, the costs must meet the general provisions for selected items of cost (**2 CFR 200.420**). Specific items not listed within these procedures shall be evaluated by the Superintendent or designee on case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award.

**The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules, and the district's allowability rules.**

The same expense allocation formula shall be used for non-federal and federal funded expenditures. Purchases shall be expensed to the appropriate fiscal year and/or grant period, as appropriate. For example, if the district purchases a subscription or maintenance agreement that covers a twelve-month period from January 1<sup>st</sup> through December 31<sup>st</sup>, only the current year expenditure and/or current grant period expenditure shall be posted to the general ledger, as appropriate. In this scenario, the following expenses would be posted to the general ledger.

Current fiscal year	January to August	8 months	Object code 6XXX
	September to December	4 months	Object code (1410)

The district has elected to use federal grant funds for both compensation/benefits and non-compensation expenditures.

## Total Costs

The **total cost** of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. **[2 CFR 200.402]** All refunds, rebates, discounts, or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements.

The district shall post all credits [discounts, rebates, refunds, etc.] to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits. Otherwise, the district may be considered to have drawn-down funds under an advanced cash method. The Business Manager shall ensure that all applicable known credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

District costs generally fall under two major categories:

- 1) compensation/benefits; and
- 2) non-compensation (supplies, services, travel/miscellaneous or equipment).

## Compensation & Benefit Costs

The School Board approved **Teacher Hiring Pay Scale**, **Mid-Point Pay Scale** and **Stipend/Extra Duty Pay Scale** shall be used to compensate all district staff whether paid from local, state or federal grant funds. In addition, the district shall provide the same employer-provided benefits for all district staff whether paid from local, state or federal grant funds.

The compensation for grant-funded staff shall be allocated to the respective grant program (fund) based on the single and/or multiple cost objectives performed by the grant-funded staff. If a grant-funded staff member performs non-grant activities during the day or beyond the normal work day, the compensation for the non-grant activities shall be paid from non-grant funds. Grant-funded staff with more than one cost objective, shall comply with the Time and Effort documentation requirements. - Federally-funded employees shall report all outside employment or professional services rendered to other entities. The external employment and/or professional services shall not conflict with the federally-funded activities with the district **[2 CFR 200.430(c)]**,

The Human Resource/Payroll Department and Business Manager shall ensure that the expenditures for stipend and extra duty pay are budgeted and expensed from the appropriate account code(s). The stipend and extra duty pay rates shall be the same as the rates used for similar locally funded activities. For example, if a teacher stipend for attending a 1-day professional development activity funded through local funds during a non-scheduled work day is \$150 per day, the teacher stipend for attending a federally-funded 1-day professional development activity should be \$150 per day, too. **[The Stipend and Extra Duty Pay Scale (adopted by the School Board) is included in the Exhibit Section.]**

- Exempt staff

For example, if the Grant Personnel Schedule for Title I, Part A includes a position of a “008 – Counselor (6119)”, the budget and payroll account code distribution shall be entered in a 6119 object code.

The human resource department and business department shall work collaboratively to adjust the budget and payroll account code distributions of grant funded staff if the time and effort documentation

consistently reflects that the percentage(s) across the funding source(s) is not a true reflection of the normal work schedule.

### Time and Effort Documentation

District staff funded wholly or partially with federal grant funds shall comply with federal guidelines related to time and effort. The grant funded staff, their immediate supervisors, human resources, and finance departments shall be aware of the federal guidelines related to time and effort documentation.

The district shall collect and monitor time and effort documentation for district employees only. **Time and effort documentation does not apply to Independent Contractors.**

The district shall comply with all federal time and effort documentation guidelines. The following requirements shall apply to all district staff funded wholly or partially from federal grant funds, including staff funded through non-federal grant funds as part of a cost sharing or matching requirement.

*Time and effort requirements for staff funded 100% from one grant (or working 100% of their time in a single cost objective)*

The staff funded 100% from one grant source do not have to maintain periodic time and effort records. However, all employees must certify in writing, at least semi-annually, that they worked solely on the program for the period covered by the certification. The employee and his/her immediate supervisor must sign the **Semi-Annual Certification Form** (sample in Exhibit Section).

The timeline for semi-annual certifications shall cover a 6-month period. The 6-month period shall be determined per academic semester to coincide with teaching assignment each semester. The immediate supervisor shall submit all signed semi-annual certifications to the Grant Manager as noted below:

- 1) 1<sup>st</sup> Certification – due 1 week after the end of the 6-month period (July 1<sup>st</sup> – January 31<sup>st</sup>)

\*The 2<sup>nd</sup> semester certification for 10-month employees shall be due on the last working day of the school year. Submission of the required certification shall be part of a campus or department staff member's check out procedures.

The Title Coordinator review shall consist of the following:

- 1) A review of the certification forms to ensure that every staff member and supervisor has certified that their schedule is 100% grant related
- 2) A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the schedule is 100% grant related

The Title Coordinator and Business Manager shall collect and review all Semi-Annual Certification Forms. Any certifications that reflect a percentage other than 100% shall be forwarded to the finance

department for adjustment of the grant payroll expenditures for the certification period. The Title Coordinator and Business Manager shall file the certifications for audit purposes.

The Business Manager shall prepare a journal ledger entry to correct the account distribution code(s) as appropriate to be approved by the Superintendent. The Business Manager shall post the entry to the finance general ledger after Superintendent Approval.

- 1) Do not work 100% of their time in a single grant program
- 2) Work under multiple grant programs
- 3) Work under multiple cost objectives

These employees are required to maintain a **Periodic Activity Report** or to account for their time under a substitute system. The district has not applied for, nor been approved by the Texas Education Agency to use the Substitute Time and Effort System; therefore, employees must prepare **Time and Effort Worksheet** at least monthly to coincide with the district pay periods. **Such reports must reflect an after-the-fact distribution of 100 percent of the actual time spent on each activity and must be signed by the employee and their immediate supervisor.** Charges to payroll must be adjusted to coincide with preparation and submittal of the interim expenditure report required for TEA discretionary grants.

Grant-funded staff under this category shall complete a **Time and Effort Worksheet** (sample in Exhibit Section) to include the date, grant source, percentage worked in the grant source per day and the summary for the month (or pay cycle). The staff member and his/her immediate supervisor shall sign the time and effort report. The timeline for time and effort reports shall be once per month to coincide with the monthly payroll cycles as noted below:

- 1) Monthly payroll [10<sup>th</sup> of the month] – Time & Effort reports are due by the 10<sup>th</sup> for the prior month.

The immediate supervisor shall submit all signed time and effort reports to the Campus Administrator. The Campus Administrator review shall consist of the following work flow:

- 1) A review of the time and effort reports to compare the summary percentage of grant-related work per funding source to the budgeted percentage utilized to charge the monthly (or semi-monthly) payroll charges
- 2) A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the percentage of grant-related work per funding source
- 3) If the time and effort report reflects the same percentage, the report may be filed for audit purposes

- 4) If the time and effort report reflects a different percentage, the report shall be reconciled to reflect the correct payroll charges by grant funding source and forward the reconciliation to the finance department for adjustment of the payroll charges on the general ledger.

The Business Manager shall prepare a journal entry to reclassify the expenditures as noted on the reconciliation of the time and effort report(s). According to federal regulations, the final amount charged to each grant award must be accurate, allowable, and properly allocated.

The finance department shall post all variances greater than 10% to the general ledger on a monthly basis; otherwise, the variances shall be posted prior to the final expenditure report.

**NOTE. The finance department shall use caution to avoid excess drawdown of grant funds due to unallowable payroll costs if timely adjustments to the general ledger are not posted prior to the drawdown of funds.**

### *Time and Effort Substitute System*

The US Department of Education (USDE) and the Texas Education Agency (TEA) have authorized the use of a substitute system for time and effort.

## **Non-Payroll Costs**

Non-payroll costs are defined as expenditures other than salaries and benefits. Direct non-payroll expenditures include contracted services, supplies, travel, and equipment. The expenditure of federal grant funds for non-payroll costs shall adhere to the district's purchasing policies and procedures. In addition to the normal purchasing process, all grant funds must be approved by the Superintendent for each respective grant program, as appropriate.

All purchases with federal grant funds shall be in accordance with the **Purchasing Procedures**.

### **Purchase Requisitions**

Purchase requisitions must be itemized with detailed descriptions, prices, delivery details, delivery/ completion date, detailed vendor info, bid number, or quote information (where applicable), along with justification, terms, and conditions critical to the order. Requisitions submitted without adequate detail will be returned to the originator.

### **Purchase Orders**

The primary method for all purchases is to issue a Purchase Order. Once issued by the district and accepted by the vendor, the Purchase Order is a binding written agreement between the District and the Vendor. The types of purchase orders are noted below:

- Single PO – One-time purchase of goods and/or services where need is identified, ordered, received and PO is closed immediately.
- Open purchase orders:

All district approved vendors shall be notified via a **Vendor Notification of PO Requirement Letter** that all purchases made on behalf of the district are to be initiated by the issuance of a purchase order.

### **Approval of Purchase Orders**

The district shall utilize the Ascender Purchasing Module to manage the expenditure of all federal grant funds unless other methods such as credit cards, petty cash, direct payments, etc. are authorized in the district's operating procedures.

The approval levels noted below are part of the Ascender Purchasing Module approval path.

- Campus principal or department head – Initial approval
- Superintendent – Second/final approval

The district shall adhere to the normal approval path for purchase orders with non-grant funds. The Superintendent or designee shall ensure that all purchase orders have been competitively procured as required by law; and, that the expenditure (PO) has been approved by the governing body, as appropriate [Note. ### Contract Review and Approval

All contracts and professional services agreements funded with federal grant funds shall be reviewed and approved in accordance with the district policies and procedures for all non-grant funds. For example, if School Board Policy requires that all contracts that exceed \$50,000 be approved by the Board of Trustees, all federal grant contracts that exceed \$50,000 shall also be approved by the Board.

The Superintendent or designee shall review and approve all contracts. The review shall consist of any requirements specific to the contract and/or federal grants.

**All contracts with federal grant funds shall include the 2 CFR Section 200 Required Provisions Addendum for Contracts Funded by US Federal Grants (Rogers, Morris & Grover 2021).**

The final approval authority for all contracts shall be the Superintendent, unless the contract is over \$5,000, then the final approval authority shall be the Board of Trustees through approval at a regularly scheduled or special board meeting.

All travel-related expenditures from grant funds shall comply with the allowable federal cost principles **[2 CFR 200.475]**, the State Tex-Travel Guidelines, School Board Policy (DEE Legal and Local) and the district’s **Travel Guidelines and Procedures**. **The Travel Guidelines and Procedures are included in the Exhibit Section.**

Federal regulations **[2 CFR 200.475]** define travel costs as: *expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the non-Federal entity [district]. Such costs may be charged on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the non-Federal entity's non-federally-funded activities and in accordance with non-Federal entity's written travel reimbursement policies.* The district has determined that all travel costs shall be paid to the travel and expensed using an [actual cost basis] or [per diem basis] or a [combination of the two as defined in the district’s travel procedures].

The allowable rates of reimbursement shall be the lesser of the federal rates or local rates. For example, if the federal rate of reimbursement for mileage is 58 cents but the local rate established in Board Policy DEE Local is 28 cents, the maximum rate of reimbursement for mileage with federal funds shall be the local rate of 28 cents. The district has elected to use a set mileage rate [as established in Board Policy DEE Local] or [as established by the General Services Administration (GSA)].

The travel-related expenditures with grant funds shall fall within the grant obligation period, unless a specific exception is allowable by the granting agency.

NOTE. No travel expenditures shall be recorded on the general ledger for a federal grant fund until **AFTER** the travel event has occurred and the actual travel expenditures are known and supported by documentation. Travel pre-paid or advanced expenditures shall be recorded in the general operating fund. Pre-paid or advanced travel expenditures, if any, shall not be drawn-down for reimbursement until **AFTER** the travel event.

## Travel Expenditures with Grant Funds (Staff)

The district shall reimburse federal grant-related travel expenses that are reasonable and necessary. Each official and employee of the district has a responsibility to limit travel to purposes that are clearly essential, directly related to federal grant activities, and to consider the most economical means of accomplishing travel. Travelers are encouraged to evaluate the options: driving versus flying, carpooling instead of flying, sharing of rooms when feasible.

The following guidelines shall apply to the expenditure of grant funds for staff, student and/or parent travel, as appropriate.

- All travel expenditures shall be reasonable and necessary to carry out the federal grant activities
- A completed **Travel Authorization/Settlement form** for all travel expenses

The

traveler shall submit a written certification [Travel Authorization/Settlement Form] with detailed receipts for work-related meals and shall return the unused meal funds [if any] to the district. The meal per diems shall be adjusted in accordance with IRS regulations regarding the day of departure/return and meals provided as part of the registration fee.

- Lodging – lodging expenses for overnight travel (in accordance with local travel guidelines) shall be allowed if reasonable, necessary and directly related to federal grant activities. The district shall pay for lodging expenses up to the GSA limits with federal grant funds. Transportation expenses shall be reasonable, necessary and limited to the guidance in the cost principles.

### Unallowable Travel Expenditures

The following travel expenditures shall be unallowable with federal, state and local funds:

- Alcoholic drinks or beverages
- Entertainment expenses, such as in-room movies, fee-based hotel amenities such as gyms, spas, etc.
- Expenses for spouses or other non-district employees
- Expenses due to the traveler’s failure to cancel a registration or travel arrangements (except for extenuating circumstances – if allowed due to extenuating circumstance only local funds may be used for the expenses)
- Hotel Internet charges (unless expense is work-related and pre-approved on travel authorization – if allowed, the charges shall be expensed to local funds)
- Non-substantiated or fraudulent travel reimbursement requests shall be non-allowable travel expenses from federal, state or local funds. Travelers who submit fraudulent travel reimbursement requests shall be subject to disciplinary action, up to and including termination of employment.

In addition, in accordance with EDGAR, no federal, state or local funds shall be used for travel expenditures of non-district staff such as spouses. “Family-friendly” travel costs such as dependent care costs [2 CFR 200.475(c)(1)] may be allowable with federal grant funds under EDGAR, the shall allow any “family-friendly” travel expenditures with federal grant funds.

## Out-of-State Travel

Out-of-state staff travel expenditures require pre-approval from the federal granting agency or pass-through entity. Requests for out-of-state travel shall be submitted on **TEA Division of Grants Administration Request for Specific Expenditure Approval: Out-of-State Travel** or other federal granting agency prior to the travel event. The district shall not allow out-of-state travel with federal grant funds.

- 6) The travel is not for a contractor or consultant for *their* professional development
- 7) The travel was approved by the granting agency, as appropriate (for example: out-of-state and educational field trip travel)

## Financial Monitoring and Reporting

The district shall ensure that all grant funds are consistently monitored throughout the grant period **[2 CFR 200.329]**. The monitoring shall include, but not be limited to:

- Implement strategies to deter, mitigate, and eliminate waste and fraud in the expenditure of grant funds

## Monitoring of Grant Purchases and Expenditures

The Business Manager shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities. The

following timeline shall be used as a general guide for spending thresholds for a grant period of 15 months. The optimal spending thresholds noted below may be adjusted based on programmatic needs. For example, if the federal grant will be used for summer activities such as summer school, a larger percentage of the grant may need to be withheld for those specific activities.

- Within 3 months of the grant start date 25%
- Within 6 months of the grant start date 50%
- Within 9 months of the grant start date 75%
- Within 12 months of the grant start date 100%

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district's external auditors, granting agency or other oversight agency, as appropriate.

In accordance with **2 CFR 200.329(b)(1)**: *the non-Federal entity [district] must submit performance reports at the interval required by the Federal awarding agency or pass-through entity to best inform improvements in program outcomes and productivity. Intervals must be no less frequent than annually nor more frequent than quarterly except in unusual circumstances, for example where more frequent reporting is necessary for the effective monitoring of the Federal award or could significantly affect program outcomes. Annual reports must be due 90 calendar days after the reporting period; quarterly or semiannual reports must be due 30 calendar days after the reporting period. Alternatively, the Federal awarding agency or pass-through entity may require annual reports before the anniversary dates of multiple year Federal awards. The final performance report will be due 90 calendar days after the period of performance end date. If a justified request is submitted by a non-Federal entity, the Federal agency may extend the due date for any performance report.*

The Business Manager, Superintendent or designee shall be responsible for compiling and submitting all federal program performance reports as required by the federal granting or pass-through agency.

Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The finance, human resources, Campus Administrators, and Superintendent's office shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The Superintendent, or designee, shall approve the Corrective Action and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors) [**2 CFR 200.113 Mandatory Disclosure**]. Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

### **Draw-down of Grant Funds**

The district shall on at least a monthly basis, or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be

for all allowable and documented expenditures to date, less grant funds received to date, as verified by a financial general ledger.

**NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any. Rebates from corporate card programs shall also be applied to federal grant awards based on an allocation method (percentage of expenditures by fund group).**

The district may or may not have opted to operate under the cash reimbursement program guidelines; therefore, the district shall submit a draw-down of federal grant funds only when the following has occurred:

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.
- Monthly payroll liability payments such as federal taxes, Social Security/Medicare taxes, Teacher Retirement System, wage garnishments, and insurance/elective deductions have been distributed, as appropriate.
- Accrued wages (2161) and accrued liabilities (2211) shall be deducted from the expenditures reflected on the general ledger. [The accrued wages and liabilities represent future disbursements.]

**At no time shall the district draw-down any “advanced” cash payments.**

#### *Initiation of Draw-Down Request for Reimbursement*

The draw-down of grant funds from the granting agency shall be initiated by the Business Manager. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds. If the district has funds available for draw-down, a detailed general ledger should be generated and forwarded to the Superintendent for his/her review and approval and certification.

**If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.**

#### *Review and Approval of Draw-Down Request for Reimbursement*

The Superintendent and Business Manager review shall consist of the following:

- 1) A review of the detailed general ledger for any unusual charges or reclassification of expenditures
- 2) A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
- 3) Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [NOTE: The federal granting or

oversight agency may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]

- 4) Authorize [in writing] the finance department to draw-down the available grant funds by signing the **Federal Grant Fund Expenditure Reimbursement Drawdown Certification Form**.

Upon approval from the Superintendent, the Business Manager shall prepare the paper and/or electronic draw-down request. The amount of the receivable shall be recorded on the general ledger (214X) and a copy of all supporting documentation such as the detailed general ledger, approval from the grant management department, and other supporting documentation shall be filed for audit purposes.

If additional documentation of an electronic draw-down is required by the granting agency, the Superintendent or designee shall comply with the additional requirements. For example, TEA as an oversight agency, at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the Superintendent or designee shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

**Note. TEA issues a Risk Assessment to each district on an annual basis. The district’s most recent Risk Assessment is “Low”.**

The Title Coordinator, Special Education Director and/or Business Manager shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage. [NOTE: The ESSA draw down percentage is 20% per month and aggregates each month.]

#### *Final Draw-Down Request for Reimbursement*

The final draw-down of grant funds from the granting agency shall be made within the allowable timeframe. Unless the Federal awarding agency or pass-through entity authorizes an extension, a non-Federal entity must liquidate all obligations incurred under the Federal award not later than 90 calendar days after the end date of the period of performance as specified in the terms and conditions of the Federal award **[2 CFR 200.343(b)]**. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period.

The final draw down process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts, or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

**NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.]**

The district shall promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that are not authorized to be retained by the district for use in other projects [2 CFR 200.343(d)].

#### *Certification of Draw-Down Requests for Reimbursement*

Federal regulations (CFR 200.415) require that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Superintendent and Business Manager jointly certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

*By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete, and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.*

#### *Missed Deadline for Draw-Down Requests for Reimbursement*

If a final draw-down deadline is missed, the Superintendent shall contact the granting or pass through agency to determine if a process exists to request a filing deadline extension.

**NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent, and filed with TEA within 30 days of the final expenditure report deadline.**

#### *Recording Draw-Down Requests for Reimbursement Receivables*

The receivable from the granting agency shall be recorded in the general ledger. State grant receivables shall be recorded to object code 1241 and federal grant receivables shall be recorded to object code 1242. The same process for preparation and posting of the general ledger entry as a periodic draw-down shall be adhered to.

**NOTE: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.**

#### *Receipt of Grant Funds*

All district staff, especially those assigned with federal grant duties, shall adhere to the **Cash Management Procedures**. Specifically, all cash received by the district shall be deposited, recorded and reconciled by multiple individuals to ensure segregation of duties.

The district shall record all grant fund receivables upon receipt from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate receivable account code. In the

event that the grant funds received do not match the recorded receivable, the Business Manager shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The Business Manager shall prepare the adjusting journal ledger entry, the Superintendent shall approve the entry, and the BM shall post the entry to the finance general ledger.

The district shall not maintain grant funds in a separate bank account, unless otherwise required by the grant (i.e. FEMA).

### *Tracking and Recording Receivables*

On at least a monthly basis, the Business Manager shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency. The Superintendent shall be notified if aged receivables are not resolved within 90 days of recording the receivable.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The Business Manager shall prepare the adjusting journal ledger entry, the Superintendent shall approve the entry, and the BM shall post the entry to the finance general ledger.

## Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

### Supplement, Not Supplant

The term supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2019](#)

***The Penalties for supplanting are often severe. All federal funds involved in a supplant normally must be returned to the federal government. Since audits are usually conducted after the grant period has ended, there is often no other alternative correction action available other than returning the funds.***  
[Excerpt: TEA Supplant, Not Supplant Handbook, 2019]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the Campus Administrators, Title Coordinator, Special Education Director, and finance [purchasing] departments. Both departments shall receive training and be aware of the supplement not supplant provisions.

TEA has established “presumptions of supplanting”. In other words, there are three (3) scenarios in which the US Department of Education will presume that a supplant has occurred, unless the grantee can rebut the presumption with documentation. The burden of proof is on the district.

1. Providing Services Required Under State or Local Law
2. Providing Same Services as Those Provided in Prior School Year with State or Local Funds
3. Providing the Same Services in Federal and Non-Federal Programs

The Superintendent shall review and approve all purchase orders (and non-purchase order payments) as noted in the district's [Purchase Order Approval Path](#). The Superintendent review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

- 1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.

- 2) The grant funds will be used for specific grant activities included the grant application that are above and beyond the activities funded with local funds
- 3) The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement not supplant provisions shall be complied with in addition to the overall federal fund requirements.

## Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Every Student Succeeds Act (ESSA). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [\[TEA Title I, Part Comparability of Services Guidance Handbook, 2017\]](#)

The Title Coordinator with contracting Region Service Center shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD), as appropriate.

**NOTE: The district is currently exempt from the comparability requirements due to the single campus grade spans.** If the district is not exempt, the Title Coordinator shall complete and submit the Comparability Computation Form (CCF) to TEA by the mid-November annual deadline.

In completing the CAD and CCF, the Title Coordinator shall follow the process outlined below:

- 1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- 2) If not exempt, the comparability testing process should continue as noted below:
  - a. List all campuses in the CCF comparability testing
  - b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
  - c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
  - d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
  - e. Complete the CAD for review by the grant management department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the Superintendent for signature.
  - f. Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the Superintendent and Title Coordinator shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate, until the district is in compliance with the comparability requirement.

## Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances. [TEA Indirect Cost Guidance](#)

The district has not applied for an Indirect Cost Rate through the pass-through entity (TEA) for any fiscal year. If desired, the Superintendent or designee complete and submit an [Indirect Cost Rate Proposal](#) by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: [Indirect Cost Rates | Texas Education Agency](#).

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The Business Manager shall prepare the adjusting journal ledger entry, the Superintendent shall approve the entry, and the BM shall post the entry to the finance general ledger.

## Maintenance of Effort

The district shall comply with the Every Student Succeeds Act (ESSA) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

### *ESSA MOE*

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [TEA ESSA MOE Handbook](#)

The Special Education Director shall compute the MOE using the [TEA ESSA LEA MOE Determination Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with ESSA MOE will result in a reduction of ESSA funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the ESSA MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

### *IDEA-B MOE*

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating

compliance (or “maintaining effort”), as described in the Methods of Determining Compliance section. [\[TEA IDEA-B MOE Guidance Handbook, 2014\]](#)

The Special Education Director shall compute the MOE using the [TEA IDEA-B LEA MOE Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

**NOTE: The finance department shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long-term purchase of equipment for a special education student, the district should track that expense separately (using a sub-object) to apply that cost as an exception during the MOE calculation.**

As part of the IDEA-B grant application process, the [contracting ESC](#) will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The Special Education Director shall provide these amounts to the [contracting ESC](#) not later than June 30th to ensure that the most accurate amounts are reflected in the grant application. Changes to these amounts, as they are known, by the Special Education Director shall be submitted as appropriate.

### Single Audit

In compliance with 2 CFR 200, Subpart F – Audit Requirements, the district shall engage an independent audit firm to conduct a Single Audit of federal awards. The scope of the Single Audit shall require the following:

- The audit must be conducted in accordance with GAGAS and cover the entire operations of the district during the audit period,
- Determination if the financial statements are presented fairly in all material aspects in accordance with generally accepted accounting practices,
- Evaluate the internal controls over federal programs including testing to determine the risk level,
- Determination if the district has complied with federal statutes, regulations, and terms and conditions of the federal awards,
- Follow up on prior audit findings, and
- Submit the Data Collection Form.

Upon receipt of the Single Audit, the Superintendent shall determine if the audit contains any Corrective Actions of Questioned Costs.

- If there are any Corrective Actions, an Action Plan to remedy the deficiencies shall be developed and implemented by the Superintendent

The Business manager or Superintendent shall electronically submit the Single Audit to the Federal Audit Clearinghouse at the end of the fiscal year. Verification of the submission shall be maintained for audit purposes.

## Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. A master list of all activity, progress, evaluation, and expenditure reports shall be created to include the grant program, report type, responsible person(s), and due date. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirement shall be as noted below:

- 1) Programmatic reports such as activity, progress and evaluations – Title Coordinator or Special Education Director
- 2) Expenditure reports such as interim, draw down, and final expenditure reports – Business Manager
- 3) Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. – 
- 4) Highly Effective Staff reports – Human Resources Administrator

The Superintendent or designee shall monitor the overall master list to ensure that all reporting requirements have been completed by the appropriate campus and/or department. The reporting requirements for TEA-administered grants are posted by grant on the [TEA Grant Opportunities webpage](#).

## Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance and shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).

## Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate **[2 CFR 200.344]**. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date

- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) – Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final drawdown of federal grant funds is accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency
- Account for any real and/or personal property on hand at the end of the grant period

The Superintendent or designee must ensure that all grant close-out provisions are met on a timely basis and resolved with the awarding agency to avoid a termination of the grant award.

Under **2 CFR 200.344(h)**, if the non-Federal entity does not submit all reports in accordance with this section and the terms and conditions of the Federal Award, the Federal awarding agency must proceed to close out with the information available within one year of the period of performance end date.

A Supplement to the Compensation Handbook is available on the school website at [www.deweyvilleisd.com](http://www.deweyvilleisd.com).

## FEMA

### FEMA Purchases

FEMA PA Policy Manual requires the district to make purchases using one of the following procurement methods:

- **Micro Purchase** - purchase of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold
  - **Small Purchase Procedure** - relatively simple and informal procurement method for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1
  - **Sealed Bid** (formal advertising) - publicly solicited bid awarded via a firm fixed price contract to the lowest responsible bidder
  - **Competitive Proposal** - normally conducted with more than one source submitting an offer and generally used when conditions are not appropriate for the use of sealed bids
  - **Noncompetitive Proposal \*\*\*** - solicitation of a proposal from only one source
- \*\*\* Noncompetitive proposals will only be used in circumstances where no other method is possible and the following conditions are met:
- The item is only available from a single source;

- The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
- FEMA or the Recipient expressly authorizes a noncompetitive proposal in response to a written request from the Applicant; or
- After solicitation of a number of sources, competition is determined inadequate.

Noncompetitive proposals require an elevated level of cost analysis and oversight and the district should seek guidance from the grantor prior to making a purchase using this method.

### Disaster Exception

Notwithstanding any other provision of the Education Code, in the event of a catastrophe, emergency, or natural disaster affecting a district, the board may delegate to the superintendent or designated person the authority to contract for the replacement or repair of school equipment under Education Code Chapter 44, Subchapter B if emergency replacement or repair is necessary for the health and safety of district students and staff.

### FEMA Clauses

#### *Appendix A: Equal Opportunity Clause*

For inclusion in construction contracts in excess of \$10,000

“During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order 11246 of

September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive Order

11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States."

## *Appendix B: Copeland Anti-Kickback Clause*

### Compliance with the Copeland “Anti-Kickback” Act

(1) Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

(2) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as may be appropriate, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(3) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §

5.12.

### *Appendix C: Davis-Bacon Act Clause*

Per FEMA Public Assistance Field Guide (p. 90)

The regulation at 44 C.F.R. § 13.36(i)(5) requires that a subgrantee include a contract clause providing for the compliance with the Davis Bacon Act (40 U.S.C. §§ 276a to 276a-7) as supplemented by Department of Labor regulations at 29 C.F.R. pt. 5. This requirement, however, only applies to construction contracts awarded by subgrantees in excess of \$2000 when required by Federal grant program legislation. In this case, the sections of the Stafford Act authorizing the Public Assistance grant program do not require compliance with the Davis-Bacon Act. As such, there is no requirement for a subgrantee to place any clauses into its contracts for compliance with the Davis-Bacon Act.

## *Appendix D: Contract Work Hours and Safety Standards Act Clause*

### Compliance with the Contract Work Hours and Safety Standards Act

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The (write in the name of the Federal agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. Notice of Federal Emergency Management Agency (FEMA) Reporting Requirements and Regulations

(1) General. As a condition of Public Assistance funding under (major disaster or emergency) declaration FEMAXXXX-XX, FEMA requires the Texas Division of Emergency Management to provide various financial and performance reporting.

a. It is important that the contractor is aware of these reporting requirements, as Deweyville ISD will require the contractor to provide certain information, documentation, and other reporting in order to satisfy reporting requirements to the Texas Division of Emergency Management which, in turn, will enable the Texas Division of Emergency Management to satisfy reporting requirements to FEMA.

b. Failure of the Texas Division of Emergency Management to satisfy reporting requirements to FEMA is a material breach of the FEMA-State Agreement, and could result in loss of Federal financial assistance awarded to fund this contract.

*Appendix F: Notice of Awarding Agency Requirements and Regulations Pertaining to Patent Rights, Copyrights, and Rights in Data Clause*

According to the FEMA Public Assistance Field Guide (p. 94)

The Public Assistance grant program does not authorize any work associated with experimental, developmental, or research work, such that patent rights, copyrights, and rights in data would be implicated. There are, therefore, no required contract clauses.

### *Appendix G: Access to Records Clause*

Access to Records. The following access to records requirements apply to this contract:

- (1) The contractor agrees to provide Deweyville ISD, the Texas Division of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

## *Appendix L: Section 3 Programs: 1968 Housing and Urban Development Act*

### **Background**

Section 3 of the Housing and Urban Development (HUD) Act of 1968, (12U.S.C 1701u) (Section3) and regulations at 24 CFR 135 were mandated in efforts to achieve a national objective. Implementing this act and regulations ensures employment and other economic opportunities generated by certain HUD financial assistance shall to the greatest extent feasible be directed to low and very low-income persons, particularly those who are recipients of government assistance for housing and business concerns, which provide economic opportunities. This implementation is consistent with existing Federal, State, and local laws and regulations.

### **General Policy Statement**

The rule that triggers implementation of Section 3 requirements is “**new**” employment. Federally funded projects in excess of \$200,000.00, and contracts in excess of \$100,000.00 are required to follow the policy and procedures of Section 3 once the need for “new” employment is established. The Section 3 requirements only apply to construction contractors who install materials and or equipment (see the definition of “Section 3 Covered Contracts”). Therefore, contractors who only furnish materials or supplies through Section 3 covered assistance are exempt.

The Policy does not require the employment of Section 3 Residents or contractors who do not meet the qualifications for the position(s) to be filled, or who cannot fulfill the contract requirements.

### **Compliance**

HUD and Texas General Land Office (GLO) hold Section 3 of Compliance and Monitoring Division accountable for the monitoring and enforcement of Section 3 compliance requirements. Therefore, the Section 3 requirements remain as a part of the agreements with each recipient/contractor.

### **Responsibilities: (Recipient)**

1. A Recipient that receives community development or housing assistance covered federal funding, bears the responsibility to comply with Section 3 in its own operations.

Responsibilities include:

- a. Notifying Section 3 Residents about employment & training opportunities and businesses about contracts generated by Section 3 covered assistance;
- b. Facilitating the training and employment of Section 3 Residents and the award of contracts to Section 3 Business Concerns;
- c. Notifying potential contractors of the Section 3 objectives and ways in which each contractor can assist the sub-recipient to meet its numerical goal; and
- d. Documenting the action that the sub-recipient takes to comply with the Section 3 requirements, the results of the actions, and impediments, if any.

2. Recipients bear the responsibility to “ensure compliance” of contractors and subcontractors.

This means that a sub-recipient must:

- a. Incorporate the Section 3 Clause into contract documents;
- b. Meets and discusses the section 3 requirements, and responsibilities with potential developer/contractor prior to commencement of work, providing additional technical assistance when needed;
- c. Conduct compliance reviews consisting of detailed analysis and evaluation of the contractor's compliance with section 3 requirements;
- d. Notify contractor of non-compliance and cooperate with HUD in directing instruction to obtaining compliance of regulation 24 CFR Part 135;
- e. Refrain from entering into contracts with contractors that are in violation of the regulations in 24 CFR Part 135;
- f. Respond to complaints made to the recipient by Section 3 Residents or business concerns that the sub-recipient, a contractor or subcontractor, is not in compliance with 24 CFR Part 135.

### Order of Providing Preference

To demonstrate compliance with the "greatest extent feasible" requirement of Section 3, contractors must provide training, employment and contracting opportunities generated from the expenditures of section 3 covered assistance in order of priority, pursuant to § 135.34, 24 CFR Part 135:

1. **First Priority** - Section 3 Residents residing in the service area or neighborhood in which the section 3 covered project is located.
2. **Second Priority**- Participants in HUD Youth Build programs in which the section 3 covered assistance work is to be performed.
3. **Third Priority** - Where the section 3 project is assisted under the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11301 *et seq.*), homeless persons residing in the service area or neighborhood in which the section 3 covered project is located shall be given the highest priority.
4. **Fourth Priority** - Other persons from the metropolitan area who meet the definition of Section 3 Resident contained in § 135.5 of 24 CFR Part 135.

### General Contractor Requirements

### Signage

Section 3 signage should be posted at the construction sites. Signage dimensions should be visible from street view. The sign must (a) identify the name of the project, (b) states the facility is a HUD Section 3 Project, and (c) includes contact information (name, telephone number, fax, & e-mail, if any) of representative responsible for hiring, training and/or contracting opportunities.

### Preference for Section 3 Business Concerns

Preference shall be awarded to Section 3 Business Concerns according to the following system:

1. Where the Section 3 Covered Contract is to be awarded based upon the lowest price, the contract shall be awarded to the qualified Section 3 Business Concern with the lowest responsive quotation, if it is reasonable and no more than 10 percent higher than the quotation of the lowest responsive quotation from any qualified source. If no responsive quotation by a qualified Section 3 Business Concern is within 10 percent of the lowest responsive quotation from any qualified source, the award shall be made to the source with the lowest quotation. If it is reasonable and no more than 10 percent higher than the quotation of the lowest responsive quotation from any qualified source.
2. Where the Section 3 Covered Contract is to be awarded based on factors other than price, a request for quotations shall be issued by developing the particulars of the solicitation, including

a rating system for the assignment of points to evaluate the merits of each quotation. The solicitation shall identify all factors to be considered, including price or cost. The rating system shall provide for a range of 15 to 25 percent of the total number of available rating points to be set aside for the provision of preference for Section 3 Business Concerns. The purchase order shall be awarded to the responsible firm whose quotation is the most advantageous, considering price and all other factors specified in the rating system.

### Competitive Bids

#### Procurement by Sealed Bids (Invitations for Bids)

Preference in the award of Section 3 Covered Contracts that are awarded under a sealed bid process may be provided as follows:

Bids shall be solicited from all businesses (Section 3 Business Concerns, and non-Section 3 Business Concerns). An award shall be made to the qualified Section 3 Business Concern with the highest priority ranking and with the lowest responsive bid:

1. Bids shall be solicited from all businesses (i.e. Section 3 Business Concerns and non-Section 3 Business Concerns). An award shall be made to the qualified Section 3 Business Concern with the highest priority ranking (as defined in 24 CFR Part 135) and with the lowest responsive bid if that bid:
  - a) is within the maximum total contract price established in HCDD's budget for the specific project for which bids are being taken; and
  - b) is not more than "X" higher than the total bid price of the lowest responsive bid from any responsible bidder. "X" is determined as follows:  
X = lesser of:  
When the lowest responsive bid is less than \$100,000 . . . 10% of that bid or \$9,000

When the lowest responsive bid is:

At least \$100,000, but less than \$200,000..... 9% of that bid or \$16,000

At least \$200,000, but less than \$300,000.....8% of that bid or \$21,000

At least \$300,000, but less than \$400,000.....7% of that bid or \$24,000

At least \$400,000, but less than \$500,000.....6% of that bid or \$25,000

At least \$500,000, but less than \$1 million.....5% of that bid or \$40,000

At least \$1 million, but less than \$2 million.....4% of that bid or \$60,000

At least \$2 million, but less than \$4 million.....3% of that bid or \$80,000

At least \$4 million, but less than \$7 million.....2% of that bid or \$105,000

\$7 million or more, 5% of the lowest responsive bid, with no dollar limit.

2. If no responsive bid by a Section 3 Business Concern meets the requirements of paragraph 1 of this section, the contract shall be awarded to a responsible bidder with the lowest responsive bid.
3. In both paragraph 1 and 2 above, a bidder, to be considered as responsible, must demonstrate compliance with the "greatest extent feasible" requirement of Section 3.

### Safe Harbor and Compliance Determinations

In the absence of evidence to the contrary (i.e., evidence that efforts to the “greatest extent feasible” were not expended), if a recipient or contractor meets the minimum numerical goals shown above, the recipient or contractor is considered to have complied with Section 3 preference requirements.

In evaluating compliance, if the recipient has not met the numerical requirements, the recipient will be expected to demonstrate why it was not feasible to meet the goals. Ultimately, HUD will evaluate Section 3 of Compliance and Monitoring Division based on its ability to describe the efforts taken to meet the training, hiring, and contracting requirements and the impediments incurred despite actions taken.

At a minimum, if recipients of Section 3 Assistance are unable to meet their Section 3 training, hiring, and contracting goals, they should sponsor or participate in upward mobility programs, hire eligible residents in trainee positions regarding training and employment, or form Section 3 joint ventures with various local employment agencies.

### Enforcement of Section 3 Requirements

Projects overall compliance is tracked in Section 3's compliance database. The Section 3 Coordinator and staff, as assigned, provides regular assessments of project's status and compliance, allowing opportunity for correction pending moments of non-compliance. However, continuous violations and failure to comply with the Section 3 requirements will result in:

1. Sanction and Debarment; or
2. Suspension; or
3. Limited denial of participation

When initial review of potential new HUD funded projects commence, record and reports of continuous violators will be submitted as recommendation of NO future HUD funding.
